

ENVOYS WANT THREE REPRESENTATIVES IN THE CONFERENCE

Mediators Request U. S., Huerta and Carranza to Appoint Representatives

RESULT OF DAYS SESSION

Proposal to Bring Together Specially Designated Diplomats Result of Day's Session

MAY SETTLE DIFFERENCES

WASHINGTON, May 2.—The three South American envoys who have undertaken the task of pacifying Mexico by diplomacy today made another decisive move in their plan by requesting the United States government, General Huerta and General Carranza to appoint representatives to confer with them in Washington. Ambassador de Gama of Brazil and ministers Naon and Suarez of Argentina and Chile respectively called on Secretary Bryan asking him to designate the United States representative to attend conferences of the mediators. At the same time they telegraphed the head of the government in Mexico City as well as the constitutionalist chief to the same effect.

No announcement of the subjects to be considered by the representatives of three parties to the mediation or of the powers or functions of the new envoys was made except for the following brief statement which was issued through the state department on the authority of the three diplomats:

"The mediators have delivered to this government and are sending to General Huerta and General Carranza requests that representatives be appointed to confer with the mediators."

The proposal to bring together specially designated representatives who would be conversant with the viewpoint of all factions in Mexico and the position of the American government was the result of an all day session of the South American envoys. The suggestion had been made to them from various quarters that much time would be saved and the problem of exchanging views simplified by such a process.

While it is realized that the representatives of all parties probably would not be given authority finally to pass on point brought up in the discussion with the mediators they would be able to sound out their superiors so that before formal proposals actually were made the mediators would have an idea of their probable reception.

Think Step Will Meet With Favor

The envoys felt confident tonight that the step they had taken would meet with favor by all concerned, believing there could be no objection to move work. Thus far the response from General Huerta and General Carranza have not been clear as to whether the differences between the United States and Mexico arising out of the Tampico incident alone would be considered by them or whether they would consent to a general discussion of the Mexican problem. By sending representatives here it is pointed out, such difficulties would be bridged over, for in an informal conference with the mediators everything pertaining to Mexico would be discussed and even informally submitted before the stage of formal proposals was reached.

Incidentally it is known that the mediators intend to concentrate their attention on the broad subject of pacifying Mexico, hoping that the difficulties which arose between the Huerta government and the United States might become secondary in view of a solution of the entire Mexican problem. Names of persons who might be acceptable to all factions in Mexico for the position of provisional president, pending a rehabilitation of the national government in case the negotiations reach that stage are being suggested to the mediators. In the meantime, although the United States and General Huerta have agreed to a cessation of hostilities, no word has come from either Huerta or Carranza in response to the proposal for an armistice between the Mexican factions themselves. The mediators, however, are confident that their work can go ahead in spite of this obstacle.

Interval Will Be Beneficial

Should General Huerta and General Carranza decide to send special envoys for them to get here and in the interim, it is not believed vital points will be reached by the mediators. The interval elapsing will prove beneficial in the view of some officials, that it will give the war spirit in this country an opportunity to subside, while the temper of the contending parties in Mexico will be affected by the military developments there. While the day was spent by the mediators in considering the proposals to gather here

KEY WEST, FLORIDA REACHED BY WIRELESS

JACKSONVILLE IN TOUCH WITH THE COAST.

Apparatus of the Local Central Illinois Radio Club Brought Nearer to Perfection—Wilson Aull, Expert Wireless Operator Here From St. Louis.

For the first time in its history, Jacksonville was in touch with the Atlantic coast last night by wireless telegraphy. Not only were messages received from Key West, Florida, but also from Sayville, Long Island, and stations along the great lakes. As all those know who are interested in the local station that a local club has been organized here to be known as the Central Illinois Radio club, L. E. Wackerle has been giving considerable time to the club's interests. The apparatus has been installed on top of the Ayers bank building, the lines extending some 150 feet from the roof so that it is sufficiently high enough to catch all waves of air without impediment.

Saturday the local company had here Wilson Aull Jr., an expert in the line of wireless telegraphy from St. Louis. Mr. Aull brought with him some special instruments and by night fall had everything in fair working order. Mr. Aull represents the Aull-Ziegler Wireless Manufacturing company of East St. Louis. The best results in wireless can be received in the dark and at run rise and sun set when the rays of light are parallel with the earth, it is very hard to receive and take messages. Last night difficulties were encountered, there being lightning in the air. Clear cold nights are when the best results are obtained. The local station is not yet able to send a message to the coast.

From Florida Mr. Aull caught all the weather reports along the coast and also the directions and intensity of the winds for Sunday and Monday as predicted. These were collected from eight stations.

Several messages were received from Sayville, Long Island and from that station a number of messages were heard which were being sent to Nauens, Germany, most of them bearing items of news. Mr. Aull did not take much time interpreting these items of news, he being more particularly interested in seeing that his instrument would work to these points. By wireless Key West, Florida, is about 1200 miles away. He was in touch with several of the stations along the Great Lakes and also with the three stations which were in St. Louis and connected with the universities there.

When the apparatus is in perfect order Jacksonville will be able to get news even quicker than telegraph, which sometimes has to be relayed. Considerable interest has already been aroused in wireless in Jacksonville and the Radio club gives promises of increasing membership. The club is still open to membership and citizens will be welcomed to join.

BELLES LETTRES SOCIETY HOLDS OPEN MEETING

The members of the Belles Lettres society of the Woman's college gave their open meeting last night before a large number of friends. The society has been doing some excellent work the past year as was evidenced in the various numbers given. The stage was prettily decorated with flowers. The following was the program:

Quartet—(1) Pastoral Auguste Channis (2) The Awakening Op. 19 No. 1—Mabel W. Daniels.

Misses Freda Fenton, Helen Harrison, Ima Berryman and Nina Slater.

Paper—The Dawn of an American Drama—Alma Weber.

Reading—The Man From Home.—(Tarkington).—Esse Summers. Piano Solo—Scherzo B. Flat Minor Chopin—Eloise Jacobs.

Original Farce—Council Fires.—Audrey Berryman.

Belles Lettres Song.

The officers of the society follow: President—Helen Harrison. Vice President—Leta Irwin. Rec. Sec.—Hallie Clem. Cor. Sec.—May Watson.

Treasurer—Dorothy Stevens. Critic—Audrey Berryman. Chaplain—Alma Harnel. Librarian—Wilma Nulle. Sargeant at Arms—May Watson. Pages—Margaret Coultas, Helen Thomas.

representatives of all factions, official Washington and diplomatic circles were interested in the resignation of Senator Lopez Portillo y Rojas from the post of minister of foreign affairs in the Huerta cabinet. It was variously interpreted, some seeing in it an indication of Huerta's intention to brook no suggestion for his own retirement, as Senator Portillo was active in the mediation preliminaries and others suggest that it might be means of selecting the Mexican cabinet officer as a special representative of Huerta to confer with the Washington mediators.

The appointment of Senator Esteve Ruiz, under-secretary of foreign affairs and a close friend of Senator Portillo gave many Mexicans and officers here the impression that there was nothing ominous in the charge so far as mediation was concerned and that if Portillo was forced out of the cabinet, the incident was personal rather than official.

DECKS CLEARED FOR FIGHT ON TOLLS BILL

SENATE MAKES REPEAL BIEL THE UNFINISHED BUSINESS

Unless Other Change is Made the Measure Will Come Up Automatically Every Day the Senate Meets—No Vote is Expected For Several Weeks.

SATURDAY IN CONGRESS.

Senate. Met at noon. Adjourned at 4:25 until noon Monday.

House. Met at noon. Debate on naval appropriation bill resumed.

Judiciary committee reported to house omnibus anti-trust bill. Agriculture committee continued hearing on anti-futures and grain standardization bill.

Gifford Pinchot before lands committee advocated conservation policies and approved bill to govern and open water power on public domain.

Adjourned at 4:05 p. m., until noon tomorrow for memorial session.

WASHINGTON, May 2.—The decks were cleared today for the fight on the bill to repeal the free tolls provision of the Panama canal act, when Senator O'Gorman obtained the approval of the senate on a motion to make the bill the unfinished business. Unless the senate decides otherwise the tolls bill will remain the unfinished business until it is voted on and will come up automatically every day the senate meets.

Efforts to postpone other measures ahead of the bill were rejected today and there was indication that the senate was ready to take a vote.

No vote is expected for several weeks. In the meantime many senators will deliver addresses on tolls exemption. Senator Borah, an opponent of repeal, afforded opportunity for a new angle to the discussion today when he introduced a resolution to defer a vote on the repeal bill until after the November elections.

Any effort to press the resolution, however, probably will result in defeat as senators on both sides of the repeal question are understood to favor a conclusion now.

Gain Inspection Legislation.

The senate spent most with Senator McCumber to get another consideration of grain inspection legislation. He kept the senate on the amendment increasing the salary of Assistant Secretary of Agriculture Galloway.

Senator McCumber has fought the Galloway amendment for weeks in order to get passed his own bill which failed yesterday. Today he announced he would be content with the Galloway bill's provisions for the standardization and making of uniform grades of grain by the government.

GENERAL DANIEL E. SICKLES IS REPORTED DYING IN NEW YORK

Famous Civil War Veteran Is Attended by His Wife Who Left Him Over Quarter Century Ago.

New York, May 2.—General Daniel E. Sickles, famous for his notable services to the union cause in the civil war, is dying at his home on Fifth avenue and tonight for the first time in twenty-nine years his wife spent a night in the house of her husband. All day she watched by his side and declared she intended to remain with him to the end.

General Sickles and his wife became estranged more than a quarter of a century ago. He is in his eighty-ninth year.

Mrs. Sickles had repeatedly in the last few years come to the financial assistance of the aged veteran but declined to enter his home.

SON-IN-LAW OF LATE QUEEN VICTORIA DIES AT EAST COWES

Cowes, Isle of Wight, May 2.—The Duke of Argyll, son-in-law of the late Queen Victoria and former governor-general of Canada, died tonight at East Cowes, aged 69.

John Douglas Southernland Campbell, ninth duke of Argyll had been suffering from pleuro-pneumonia for some days. He fell ill at the end of last week at Kent House, East Cowes.

NAMES OMITTED IN PLAY.

In mentioning the names of those who took part in the high school play "At the End of the Rainbow" given Friday night, mention should have been made of Misses Ruth Badger, Margaret Strandberg and Miss Frances Kolp, who portrayed their parts in a complimentary manner.

DISCUSS ENDOCARDITIS.

"Endocarditis" was the subject Saturday evening of Dr. T. O. Hardy at the regular bi-weekly meeting of the Medical club, who were entertained by Dr. Allyn L. Adams. Endocarditis is inflammation of the thin serous membrane lining the cavities of the heart.

PARENT-TEACHERS' MEETING.

A meeting of the Parent-Teachers' Association of the third ward will be held at the Franklin school Tuesday evening at 7:30 o'clock. This is "Fathers' Night" and a large attendance is expected.

JURY VERDICT HOLDS GUARDS AND MILITIA TO BE RESPONSIBLE

Verdict Declares Ludlow Fire Was Started by Militiamen or Guards

THIRTEEN DIE IN FLAMES

Blaze Brings Death to Thirteen Women and Children—Fix No Responsibility Tikas' Death

NO NEARER A SETTLEMENT

TRINIDAD, Colo., May 2.—The fire which destroyed the Ludlow tent colony on the night of April 20th, caused the deaths of thirteen women and children, was started by militiamen or mine guards, or both, according to the verdict rendered by the coroner's jury here late today. No responsibility for the killing of Louis Tikas was fixed by the jury which contended itself by finding that he, with several other men were shot in battle. It had been charged by strikers that Tikas received a blow on the head which fractured his skull.

The verdict as to the deaths of the women and children who lost their lives were that they came to their death by asphyxiation or fire or both caused by the burning of the tents of the Ludlow tent colony and that fire on tents was started by militiamen under Major Hamrock and Lieut. Linderfelt or mine guards or both on the 20th day of April, 1914.

A separate verdict was rendered on the deaths of Alfred Martin, a militiaman, Louis Tikas and four other strikers and Frank Snyder, a twelve year old boy. The jury found that they came to their death by bullet wounds in the battle between militiamen under Major Hamrock and Lieut. Linderfelt and nine guards on one side and strikers on the other said battle held in or about Ludlow on the 20th day of April, 1914.

United States regulars tonight patrolled the Southern Colorado coal fields. Troops sent out from the central camp at Trinidad were of control of the situation at Walsenburg and Ludlow.

Pending the arrival of reinforcements, Major W. A. Holbrook, in command of the second squadron, fifth United States cavalry, has scattered his force of 300 men at strategic points. No disorders had been reported since the arrival of the regulars.

John A. Lawson, strike leader and Horace N. Hawkins, attorney for the United Mine Workers said that no arrangement had been made for disarming the strikers.

Military Board's Verdict.

Denver, Colo., May 2.—Responsibility for the fatal battle of Ludlow, Monday, April 20th, was placed on the Greeks of the strikers' colony at Ludlow by the military board consisting of Judge Advocate Major E. J. Boughton, Captains W. C. Danks and Philip Vance of the Colorado National Guard. This committee was appointed April 25th by Adjutant General Chase with instructions to report on all the incidents of the battle proceeding and subsequent and to make such report "without malice or favor."

The officers examined under oath all officers and prisoners, "as many as possible of the soldiers, deputies, mine guards and townspeople of Ludlow and nearby coal camps," they made strenuous effort to obtain testimony of strikers but without success reporting that a personal request made upon Mr. Lawson and Mr. McLennan, strike leaders in Denver was answered in their presence by Mr. Hawkins, their attorney declining to give us any information upon the ground that our inquiry was not publicly conducted. The board found that the remote cause of this "as well as all other battles," lies with the coal operators who established in a numerous class of ignorant, lawless and savage South European peasants. The underlying cause was the presence, near Ludlow in daily contact of three discordant elements—strikers, soldiers and mine guards—all armed and fostering an increasing deadly hatred which sooner or later was bound to find some such expression. The immediate cause of the battle was an attack upon the soldiers by the Greek inhabitants of the tent colony who misinterpreted a movement of troops on a neighboring hill.

Concerning Louis Tikas, the Greek leader, who was killed in the battle, the report says: "During the evening Louis Tikas, James Filer and an unknown striker were taken prisoners. Lieut. K. E. Linderfelt swung his Springfield rifle, breaking the stock over the head of Tikas."

This incident followed a heated controversy between the Lieutenant and the Greek. The report continues: "An attempt to hang Tikas went

LAST MEETING OF SEASON HELD AT HOME OF MR. YINGLING

Domestic Science Round Table Meets Saturday For Profitable Session and Elects Officers for Next Season.

The ladies of the Domestic Science Round Table met Saturday afternoon with Mrs. Joseph Yingling of Maple Dale, west of the city, for the last meeting of the year until next October. An address on Japan was made by S. W. Nichols and officers for next season were elected. It has been the custom for several years to hold the last meetings with Mrs. Yingling.

At the business session reports of the financial condition of the society were heard and a sum of \$25.00 was voted toward the Illinois Woman's college endowment. The amount of this gift was made possible by the success of a market which the round table held week before last at the furniture store of Johnson, Hackett & Guthrie.

The officers chosen were: Chairman—Mrs. B. L. Lurion. Vice chairman—Mrs. James W. Brown.

Secretary—Mrs. George O. Webster. Treasurer—Mrs. George Harney. Program committee—Mrs. A. J. Ward, chairman; Miss Clara Cobb, Mrs. E. J. Howells, Mrs. William Floreth and Mrs. J. K. C. Pierson.

The address on "Japan and Japanese Life" by Mr. Nichols was full of interest and was greatly appreciated by the members of the Round Table. He illustrated his remarks with a number of incidents from his own travels in Japan and showed some curios he had brought from the Sunrise Kingdom.

WILL ADDRESS K. OF P'S.

Mallory Lodge No. 30, Knights of Pythias, will go at two o'clock this afternoon to Mt. Emory Baptist church, for their annual sermon. The address will be given by the Rev. Andrew A. Russell, pastor of the church, and will be of interest to the congregation of Mt. Emory and friends, as well as to the members of the Pythian organization.

SOCIAL EVENTS.

Friends in Jacksonville have received invitations announcing the marriage of Miss Catherine Yates of Springfield and Mr. John Lyle Pickering, Jr. The wedding will take place at the Oaks, the home of Mr. and Mrs. Richard Yates, Wednesday evening, May 20, at 8:30 o'clock.

Dr. and Mrs. C. H. Rammelkamp entertained the visiting superintendents and principals of the schools represented in the Western Illinois high school league at his home Friday evening. The list of guests also included the members of the various senior classes of the league, also those of J. H. S. A supper was served on the lawn at 6 p. m. and while the meal was being served the Illinois college Glee club gave a number of selections much to the delight of all.

PITTSFIELD WON.

Speaking of the Declaration contest in connection with the W. I. H. S. L. meet, the Journal should have stated that Miss Helen Shriver of Pittsfield won first place and Miss Ona Sayer of Beardstown second place, instead of just the opposite.

MEXICANS FIRE ON AMERICAN OUTPOST AT WATER PLANT

"Fight" Near Vera Cruz Ends In Exchange of About Half Dozen Shots

MAAS BARS OUT SUPPLIES

Mexican General Has Succeeded In Preventing Entrance of Supplies from the Country

MORE TROOPS TO OUTPOST

VERA CRUZ, May 2.—A considerable force of Mexicans attacked the American outpost at the water plant nine miles out at eleven o'clock this morning according to a wireless received here today which asked for aid. Supporting troops were at once ordered forward by train from Vera Cruz to El Tejar where the water works are situated. What had promised to be the first fight between the United States army and the Mexican troops today ended in the exchange of not more than half a dozen shots.

The Mexicans threatened to "attack immediately" unless the Americans surrendered their position at the water works at El Tejar within ten minutes but failed to do so.

The Mexicans are still holding a position beyond the water works station and the American troops have received no orders to advance. At eleven o'clock this morning a Mexican force estimated at from 300 to 500 men appeared a mile beyond the water works station. As Major Russell of the marines had received orders not to assume the offensive he and his men watched the Mexicans with much interest. Suddenly a Mexican lieutenant and a non-commissioned officer bearing a white flag advanced and presented a demand for the Americans to surrender within ten minutes. Major Russell's reply was:

"Hurry right back and do not waste any of the time your commanding officer has stipulated." Major Russell then made preparations to resist any attack, at the same time sending a message to headquarters in Vera Cruz that his outpost was threatened.

Reinforcements Sent Out.

Back at headquarters Brig. General Funston and his staff had been conscientiously working out the details of the new government which the General had been instructed to establish. The wireless message from the water works station at El Tejar brought about a quick change from this comparatively passive work to that of active army duty. Within a few minutes headquarters had notified Major Russell that reinforcements on the way to aid him in little more than an hour instead of the 140 marines being at the outpost of El Tejar there were in position to support him over 1,200 men while the entire garrison of Vera Cruz was ready for any movement that might be ordered. Seven companies of the Fourth infantry regiment were sent forward under the command of Col. Robert C. Van Vleet as well as two battalions and three companies of marines commanded by Colonel John Archer Lejeune.

When Col. Van Vleet and Col. Lejeune with their supports arrived at water works station Major Russell and his men were not at all hard pressed.

The Mexicans had contended themselves with a scattering fire consisting of not more than four or five shots at a range of about 1,500 yards. From Major Russell's lines only one shot was fired. The water works station at El Tejar forms the most advanced post in the American lines. General orders had been given for the American troops not to assume the offensive and not to fire at all unless attacked. It is not regarded here as at all probable that General Gustavo Maas, former federal commander at Vera Cruz has any idea of attempting to retake the city but he is tightening his long irregular lines about the city, apparently in an effort to prevent the entrance from the country districts of supplies. In this he has been partially successful. It is generally assumed that the Mexican threat today to take El Tejar was little more than a bluff. The Mexican troops were in uniform and consisted mostly of infantry but there were some cavalrymen.

While no fear is felt by the army authorities in Vera Cruz that the Mexican troops will make a serious attack, it is realized that considerable inconvenience soon will be created unless something is done to open the roads into those districts where garden and dairy products come from.

Jacksonville has reaped more than
the mere dollars which have been
left in our midst. Distant years
will bring back the recollections of
the kind of hosts the commercial

we have encouraged the traveling
men and offered them our services,
so the Chamber of Commerce stands
for enlisting all the forces in the city
of which we are so proud.

The Efficient Citizen Says:

The man who has no time to help
the community in its struggle for
advancement is a man of extremely
ordinary ability.

It takes all his time and effort to
make a living.

The line between this man and
that of the community charge is but
faintly defined.
To make the definition clear, let
us say that the man who helps the
town is a community asset, and the
man who lends no such help is not
a community help.

The citizen to whom community
affairs are not of grave concern is
himself of grave concern to the
community.

Chamber of Commerce Meeting.

a meeting of all the business men to
be held next Tuesday evening in the
Odd Fellows hall on West State St.
It is not open to the general public
as has been previously published,
but only to members of the Chamber
of Commerce and their friends. The
invitation committee has sent out
five hundred return postcard invita-
tions and from the way these cards
have been returned many will be
present.

One of the chief guests of the eve-
ning will be Hon. Wm. B. McKinley,
President of the Illinois Traction Co.
Whether we are of the same politi-
cal faith or agree with all of Mr.

McKinley's policies nevertheless
Jacksonville should feel honored in
receiving such a distinguished man
of Illinois to our city. We know that
his financial influence and caliber
has built interurbans between many
Illinois cities and they are valuable
assets in whatever community they
serve. If Jacksonville ever will
have an interurban it will depend
largely on the encouragement which
we give to this company.

Mr. Raymer and Mr. Gage rep-
resentatives of the Chicago Associa-
tion of Commerce, and prominent
business men of that city, will also
be our guests on this occasion. The
program committee has arranged
additional entertainment consisting
of drill work by McCarthy's Arabs,
music by the Messrs. Swarthout

DRAMA LEAGUE ANNOUNCE-
MENT.

The play committee of the Jack-
sonville Drama League announces
the engagement of Mrs. Minnie
Madden Fiske in one of her great
successes, ‘Mrs. Bumpstead-Leigh’,
a comedy, May 23rd, at the Grand.
This will be Mrs. Fiske's first appear-
ance in Jacksonville and was made
possible by reason of a guarantee of
five-hundred dollars secured by the
local center of the drama league.
Early in March Mrs. Fiske began
her supplemental season of ten
weeks visiting Boston and various
other eastern cities where the play
has not been seen. Two weeks of
this season will be devoted to the
drama league tour in which Jack-
sonville is fortunate to have been
included. Mrs. Fiske as Mrs. Bump-
stead-Leigh, the irresistible social
climber, is irresistible. Her domina-
tion of ‘Ma’ and her hoodwinking
of her old suitor, Swallow, are two
of the delightful bits of the play.
The whole play is cleverly cast and
goes with dash and sparks. The
issue of March 18th of the Dramatic
Mirror has the following comment:
‘An exceedingly fashionable and dis-
tinguished audience filled the Acad-
emy on Monday night to welcome
Mrs. Fiske back to Baltimore. For
her appearance this season she has
revived ‘Mrs. Bumpstead-Leigh’.
The play is practically new to Balti-
more. Mrs. Fiske invests every role
with attention to details in concep-
tion and staging which is not to be
surpassed. One can always feel sure
in advance that they will witness a
thoroughly artistic and finished per-
formance, and such is the case with
Mrs. Bumpstead-Leigh.’ Mrs. Fiske
is supported by a splendid cast.

advertised so largely in all the pub-
lications, will be shown this week in

BERLIN TO FETE

AMERICAN HOTEL MEN.

Berlin, May 2.—Two hundred
members of the Hotel Men's Associa-
tion of America, who, with their
wives and families, are making a
tour of Europe, are due to arrive in
this city Monday for a stay of sev-
eral days. For the entertainment
of the American bonifaces their
brethren of the German metropolis
have joined in preparing a program
that is calculated to keep the vis-
itors busy every hour of their stay in
this city and to send them away
with an exalted idea of German hos-
pitality.

The hospitalities will be opened
officially by the city of Berlin itself
with a reception at the city hall, fol-
lowed by a luncheon. On the evening
of the same day there will be a din-
ner party at the celebrated Admi-
ralty Ice Palace. The feature of the
second day's program will be an in-
spection of the colossal Keupinski
restaurant, where 15,000 persons are
fed daily. Other entertainment pre-
pared for the visitors will include a
tea party at the Zoological garden,
an inspection of one of the great
breweries, a visit to Potsdam and
luncheons and dinners at several of
the leading hotels of Berlin.

Garland & Co. are showing the
largest line of bags, suitcases and
trunks in the city.

“Through Fire to Fortune”

Lubin Presents a Masterpiece Service Feature
or “The Sunken Village” in Five Reels.

It consists of an unusually realistic portrayal of a fire in a
coal mine, a miner's torch having come in contact with a newly
discovered oil well, and the crowning triumph of big scenes, the
destruction of an entire village, when the walls of the mine over-
which it is built begin to crumble. Here we see whole houses
sink into the earth, the panic-stricken villagers, and, lastly, the
fire that follows the cave-in and completes the destruction. These
scenes of the conflagration, and the people huddled about the
camp fires on a safe spot, are remarkable examples of night pho-
tography, and deserving of the highest praise. All in all,
“Through Fire to Fortune” marks a distinct step in the produc-
tions of American features, and should not be missed.

HOSPITAL AID SOCIETY

IS DOING GOOD WORK

Secretary and Treasurer in Reports Show Labors of Organization, Annual Election of Officers Held—Miss Venner Leaves for Four Months.

The Hospital Aid society held the last meeting of the year recently at the hospital, a large number being in attendance. The secretary read a very comprehensive report of the year's work and an election of officers took place. It was also announced that Miss Ida Venner, superintendent of the college expects to go to Europe for her summer vacation and will leave in June. She expects to be away for four months.

The report of the secretary of the society, Mrs. Fannie Bancroft Weir showed that considerable work had been done by the society during the past months, 197 pieces have been made and marked. Each church gave an afternoon of sewing and they made and marked 313 pieces and gave a donation of \$300, 448 quarts of fruit and 168 glasses of jelly.

The Josephine society of State street church, composed of girls from eight to fourteen years old have been very helpful and their work for the hospital is as follows: one baby crib spread, one baby cotched hood, 12 baby wash cloths, 12 napkins, 8 baby bath aprons, 2 baby blankets and one baby crib. The ladies have also quilted 9 quilts and two that were donated have been finished.

The report of the treasurer, Mrs. Kate Hicks Hollinger showed that the society has given to the hospital for supplies, \$92.85 and for nurses home \$130.00. The fund for the nurses home, through the efforts of the society amounted to \$563.00 and from charity teas, \$147.69. Through this fund the ladies have been enabled to make the charity wards comfortable and attractive. Tag day donation amounted to \$10.

The officers for the ensuing year follow:

President—Mrs. William J. Fell.

First vice president—Mrs. Samuel Anderson.

Second vice president—Mrs. Frank Orser.

Secretary—Mrs. Fannie Bancroft Weir.

Assistant secretary—Mrs. S. W. Ingalls.

Treasurer—Mrs. Kate Hicks Hollinger.

PRESENT MR. MONTGOMERY WITH CHARM.

County Superintendent of Schools, H. C. Montgomery, who has been conducting a class in physics for the teachers of the county during the past winter, was agreeably surprised Saturday when the teachers presented him with a beautiful Masonic watch charm, as an evidence of their appreciation of his work.

During the winter months Mr. Montgomery has been devoting two hours every Saturday morning to this class, giving his service without any thought of a financial remuneration. He voluntarily donated his services and it was in appreciation of the that the charm was given.

The presentation was made by Miss Laura C. White, principal of the eighth grade and was made Saturday morning on the occasion of the last meeting of the class. Mr. Montgomery was completely taken by surprise and voiced his appreciation of the gift in a few well chosen words.

RETURN FROM SOUTH.

P. C. Maddox and F. W. Sibert have returned from a trip to Florida and among the places they visited were Jacksonville, Sanford, Mt. Dora, Orlando, Kissimmee, St. Cloud and Pine Island. At St. Cloud Mr. Sibert visited an uncle, Major Carlos Cox, who has resided at that place for four years and is very enthusiastic about it. Major Cox had growing in his garden pineapples, bananas, grape fruit, peaches, grapes, corn, tomatoes, onions, all kinds of vegetables and flowers. From three to five crops are grown on the same land during the year.

SPLENDID PHOTOGRAPHY.

The group pictures taken yesterday by Otto Splith of the T. P. A. delegates and friends were entirely successful. Although there were about six hundred people in one picture each face stands out clearly and there is none of the blurring which mars so many such works of photography. The second picture shows splendidly the greater part of the square from East State to North Main street. Mr. Splith last night placed both of the pictures on exhibition in the Journal office window. The visitors yesterday were delighted with pictures and many of them were purchased.

THE LAST DAYS OF POMPEII.

A revelation in photo drama from the standpoint of art and beauty, as well as dramatic force, is made in George Kleine's magnificent production of "The Last Days of Pompeii," adapted from Lord Bulwer Lytton's classic romantic novel of the same title which is announced for Thursday and Friday, May 7 and 8 at Scott's Theatre. All the salient points of the story are retained and pictorialized in sequential detail. The principal characters used in the photo drama are: Glaucus, a handsome, wealthy Athenian, and fashion leader of Pompeii, living a life of leisure, a lover and patron of the arts and in love with Ione, Clodius, a young Roman and friend of Glaucus, but a gamester and idler, Arbaces, an Egyptian of remarkable intellect—High Priest of the Temple of Isis at Pompeii, guardian of Ione and Apollides, and in love with his ward, Ione, Apollides, a young Athenian, brother of Ione studying for the priesthood under Arbaces—a youth of noble instincts and high ideals who revolts at the trickeries of the worship of Isis. Sosia, a Nubian slave, to Arbaces, who acts as goaler of Nydia when she is thrust into the dungeon by Arbaces. Burbo, keeper of the tavern and one of the cruel original owners of Nydia. Nydia, a blind flower girl from Thessaly, originally a slave to Burbo and Stratonica—afterwards purchased by Glaucus to save her from the cruelty of Burbo and Stratonica, which aroused her gratitude and passionate love. Ione, a beautiful Athenian maid cultured and wealthy, sister of Apollides and ward of Arbaces, who secretly loves her, also adored and loved by Glaucus. Stratonica, wife of Burbo and cruel mistress of the blind girl, a woman of marvellous physical strength. The sorceress, a witch living in one of the caverns on the side of the Vesuvius and who concocted the philtre that destroys the mind of Glaucus.

In the photo drama, as in the novel, these characters are woven into a story of marvellous dramatic interest and pictorial beauty.

"The Last Days of Pompeii" occurred in 79 A. D., almost contemporaneous with the events of "Quo Vadis" and many of the customs, habits and dress were the same, and for that reason Mr. George Kleine has endeavored to put as much originality as possible in his production.

This is particularly true in the amphitheatre scenes which occur in both stories. In Pompeii Mr. Kleine has omitted many of the details that were to be found in the same episode of "Quo Vadis" and has succeeded in making a series of pictures that are both original and effective—retaining many of the thrills.

Special music arranged for this great feature.

RECEPTIONS AT HOTELS.

The executive committee of ladies who helped in the entertainment of the lady visitors of the T. P. A. consisted of Mrs. J. A. Munson, chairman, Mrs. R. S. Fanning, Mrs. L. R. Craig, Mrs. George T. McKee. Mrs. Munson has been very active in the management of the committee. Two receptions were held Saturday morning for the ladies, one at the Dunlap hotel and the other at the Pacific hotel. At the Pacific hotel Mrs. L. R. Craig was in charge assisted by Mrs. J. N. Conover. At the Dunlap hotel Mrs. George T. McKee assisted by Mrs. Lloyd Hamilton and Mrs. Charles Moore.

A. convention it has been impossible to give individual mention deserved in many cases. Among the most handsomely decorated store fronts however, are Myers Bros., Waddell & Co., Lukeman Bros., C. J. Deppe & Co., Ayers National bank, F. G. Farrell & Co. and Garland & Co.

??? ARE YOU AWARE IF YOU SHOULD DIE WITHOUT A WILL

That your real estate might be tied up so that none of it could be improved, sold or even advantageously leased, without expensive litigation, until your youngest heir became of age?

That if any part of your estate, real or personal, should descend to an infant or incompetent, it could not be sold or divided without administration or perhaps special legal proceedings?

That even if all your heirs were of age, a partition suit might be necessary to determine the rights of your heirs, that in connection with such suit there might be trials, appeals and retrials, entailing heavy expense, all of which would be paid out of your estate in addition to the fees of the administrator, etc?

That an administrator would have to sell your personal property, that he would have no discretion in the premises, no matter how great the sacrifice?

Who but yourself would be to blame if your estate should be tied up and perhaps litigated?

A will properly drawn will protect your heirs and your estate.
Make a will and name this company as executor and trustee.

JESSE PHELPS

WAS IMPROVED.

Telegram Received Reports Nurse As Saying This Injured Lad is "the Same."

A telegram received by relatives in Beardstown Friday stated that the condition of Jesse Phelps, the motorcycle rider injured at Newport, Va., was "just the same."

T. C. Phelps, parents of the youth, in speaking of the accident says, "Jesse Phelps fell about 10:00 p. m., Saturday evening the 25th, while he was riding a motorcycle in the motorhome traveling with Krouse's Greater Shows, which were showing under the auspices of Eagle Engine company No. 3, Volunteers of Newport News, Va. Had been here for the past week and would have closed in a few minutes. C. J. Baker, foreman of the fire company signed the letter.

POST O EXPRESSED FORMAL APPRECIATION TO FRIENDS

Resolutions Adopted Saturday Night Gave Thanks to Everybody Who Helped Make State Meeting Successful—Standing Committees Appointed.

At the regular meeting of Post O. T. P. A., at the Chamber of Commerce rooms Saturday night the following resolutions were unanimously adopted:

Realizing that the success of the state convention of the Travelers' Protective Association of America, which closed in this city tonight, was largely contributed to by the different elements that made up the program of entertainment for our visitors from all over the state, the entire membership of Post O., unanimously declare their thanks to each and everyone who helped make this event such a conspicuous and delightful affair.

Therefore be it resolved that our sincere thanks are hereby tendered especially to the Jacksonville Chamber of Commerce for its financial aid in holding this convention and without their assistance it would have been impossible for us to have undertaken entertaining the large number of visitors the past two days. To J. Capps & Sons for throwing open their doors and conducting our guests through this great institution.

To Dr. J. R. Harker and his able assistants and proficient pupils for the delightful entertainment in Music Hall and the splendid supper in the grand dining room, and for the reception in the parlors of the Illinois Woman's college. To Dr. Woolston of the State School for the Blind, for the literary and musical entertainment, the physical culture exhibition and the use of the gymnasium for the social party at this splendidly conducted institution. To Dr. Gillett and his able corps of instructors for the unusually interesting treat provided out of town visitors at the institution for the deaf and which was thoroughly enjoyed by all.

To the merchants of Jacksonville who so beautifully decorated their respective places of business and thus added greatly to the gaiety of the occasion and caused many complimentary comments for our beautiful city. To the owners of the sixty or seventy automobiles who so generously gave the use of their machines, thereby adding greatly to the beauty of the procession and the comforts of our guests. To our "City Dads", Jacksonville Board of Commissioners, for the splendid "clean-up" they gave the streets on the line of march. To the managements of the Dunlap, Pacific and Grand hotels for their excellent accommodation, that certainly gave them a good name among the traveling salesmen of the state. To Miss Mabel Matthews and Miss Nathalia Jensen for the respective vocal and violin selections at our convention and which were heartily enjoyed and appreciated by a large audience. To Mr. W. B. Miser of the Jacksonville Railway and Light company for the many favors he conferred, thereby placing him in the galaxy of good fellows.

To McCarthy-Gebert Cigar company, the A. F. Franks Cigar company, Muller & Hamilton and U. G. Woodman for the cigars, candies and souvenirs furnished our honored guests. To the Opera House management for the courtesies shown this post which are sincerely appreciated by every member.

And last but not least in any sense of the word we wish to extend our thanks to our two splendid newspapers, the Jacksonville Daily Journal and the Jacksonville Daily Courier. The publishers of these estimable newspapers and their capable assistants, Messrs. Doying and Priest of the latter, have earned great praise from the visiting delegates for the complete reports given and the splendid editions issued from their respective offices.

In conclusion the committee on resolutions desire to extend a vote of thanks to the ladies who are in any way contributed to the success of what we consider to have been the best state convention ever held by the Traveling Men's Protective Association of Illinois.

CONSERVATORY NOTES.

Members of the class of Mrs. Wilson will give a short operetta entitled, "A Japanese Girl," by Vincent, in Recital hall next Thursday evening, May 7th, at 8 o'clock. Sixteen young ladies will take part and will be in Japanese costume. Friends of the Conservatory are cordially invited.

Rebecca Scheibel sang a solo, "Musetta's Waltz Aria," from La Boheme, at the declamatory contest in the Opera house Friday morning, May 1st.

The concert given by the Glee club at Jones Memorial hall last Thursday evening was well attended and an excellent program was applauded vigorously.

Dean Cochran, who was unable, on account of illness, to appear in the Glee club concert, is slowly recovering, and expects to resume his duties at the Conservatory and college early next week.

A students' recital will be given next Friday afternoon, May 8th, in Recital hall, at four o'clock. The public are cordially invited.

The graduation recitals will take place on Tuesday and Thursday evenings, May 26th and 28th.

Miss Nathalia Jensen played a violin solo at the meeting of the T. P. A. in the Opera house Saturday morning, May 2nd.

NEW POSTMASTER AT FRANKLIN

William Whalen, the newly appointed postmaster at Franklin, assumed the duties of his position Saturday morning.

Car or Super-Car

That is the chief question men have to decide in buying a car to keep.

It overshadows everything else.

Almost any car is fit for normal service. There are very few cars which won't demonstrate well, or even run well for a season.

Then is it worth while to build or to buy a super-car like this Reo the Fifth?

Listen to our side of that question.

AFTER 27 YEARS

Mr. R. E. Olds, after 27 years of car building, says that all these extremes are essential. Not for normal conditions, not for one season service. But to meet shocks and strains—to withstand years of wear—to save troubles, repairs and upkeep, a car must be built like this.

And no man in the world knows better about that than Mr. R. E. Olds.

WHAT WE REQUIRE

We have for years kept test cars on the road. Relays of drivers run them night and day at high speed on rough roads. After 10,000 miles of this reckless driving we take

the car apart and inspect it.

We require every part to endure that rough service. And every driving part, after 10,000 miles, must remain almost like new. Every formula, test and specification is based on these requirements.

To insure this, all steel is analyzed twice. Gears are tested in a crushing machine for 75,000 pounds per tooth. Springs are tested for 100,000 vibrations. Engines are put to five radical tests, then taken apart and inspected.

Then we require a big margin of safety. All driving parts in this 35-horsepower car must meet the usual tests required for a 50-horsepower engine.

IT STAYS NEW.

The result is a car that stays new. It doesn't grow noisy, doesn't show wear and doesn't give trouble. After years of use, with proper care, the car will run like new. It has strength enough for shocks. It has power enough for hills. There is no clashing of gears to wreck the transmission. There are no flaws, no weaknesses. Every part has vast over-capacity. A car built like this will save the average user hundreds of dollars in repairs and upkeep.

Where Safety Is First Consideration Haynes Is First Choice

The foremost feature on the Haynes car is the Vulcan Electric Gear Shift, without doubt, the greatest safety device ever applied to the automobile.

It has so many advantages that you will never go back to the old-fashioned, hand-lever method of changing gears, once you have driven the electrically controlled

HAYNES

America's First Car

The electric gear shift permits you to retain your hands on the steering wheel while changing gears.

You can keep your eyes on the road ahead, at all times.

You can change speeds silently and simply, without physical effort and without danger of stripping a gear.

You can shift gears with the speed of lightning, and worm your way through congested city traffic with perfect safety.

You can anticipate your speed changes, so that shifting gears on the Haynes merely resolves itself into touching a button on the steering wheel for the desired speed, then, when you want the gears actually shifted mere pressure on the clutch pedal does it.

If you are looking for safety in an automobile, as well as comfort, convenience and service—you will find it in the Haynes, America's First Car.

REAR-ADMIRAL WINSLOW COMES OF FIGHTING STOCK

Naval Officer in Charge of Squadron in Mexican Waters—Was Advanced for Heroism During War With Spain.

Washington, May 2.—One of the many naval officers now serving in Mexican waters none is better known than Rear Admiral Cameron McRae Winslow, who has been assigned to the command of the special service squadron. This squadron, which includes the battleships New York and Texas, the newest and most powerful dreadnoughts in the world, is to be used for blockading purposes, while the smaller vessels will be particularly used for inshore work.

Admiral Winslow is one of the most popular officers of the navy. He is every inch a sailor, and he is known as the handsomest flag officer in the service. He is noted as a navigator, and knows the Atlantic fleet better perhaps than any officer in the navy, his service with the organization outdaring that of any flag officer now connected with it.

Admiral Winslow was born in the District of Columbia, and entered the naval service Sept. 20, 1870, being appointed at large to the Naval Academy, at Annapolis. He is not a son of the late Rear Admiral John A. Winslow, as has been erroneously stated, but a nephew of that well known officer who commanded the old Kearsarge when she sank the Confederate man-of-war Alabama off the French coast in the civil war.

The first sea duty 67 Admiral Winslow after he graduated from the Annapolis academy was in the "big ship Tennessee" on the Asiatic station, 1875-77. Other vessels he served in include the Constitution, Pensacola, Kearsarge, Alliance and Terror in 1895.

He was advanced several numbers of extraordinary heroism during the war with Spain. While a lieutenant in 1898 he most gallantly led a small party of volunteers to cut the Cuban cables off Cienfuegos Cuba, in order that the Spanish forces might be cut off from all communication with Spain. The cutting of the cables was accomplished in the face of a terrific fire from the Spaniards on shore, and by many has been termed the bravest act of the war. Lieut. Winslow was then in command of the gunboat Nashville, and the work of cutting the cables was directed from a launch. For three hours Winslow and his men worked over the wires while bullets whizzed by their heads. Winslow was shot in the hand in that exploit, but he continued in command of the Nashville.

It was Admiral Winslow who several years ago startled the Sandy Hook pilots and New York harbor tug captains by taking the battleship New Hampshire up to the Brooklyn navy yard without the assistance of a pilot. While holding the rank of commander and in command of the Charleston he made a cruise from New York around the coast of South America with Secretary Root as a passenger. Before being assigned to the Charleston Commander Winslow was on duty in the bureau of navigation, and served as naval aid to President Roosevelt. He was the first officer to command the torpedo boat Cushing, one of the first vessels of this type commissioned in the navy.

MOUND SCHOOL CLOSED.

The Mound school closed Friday with an all day picnic which was enjoyed by about sixty of the children and parents. The crowd gathered at the school house about 10:30 and a hay ride was given to the children by Mrs. Smith from the school house to Nichols park. And at noon an elegant dinner was served and enjoyed by all. The afternoon was spent in various amusements and about six o'clock supper was served and all departed looking forward to many more such happy occasions. Congratulations were extended to their teacher, Miss Mary Ogle, who expects to be with them during another school term.

Among those present were: Mrs. John Stewart, Mrs. M. Zachary, Mrs. Smith, Mrs. W. S. Jones, Mrs. Wood, Mrs. Allen, Mrs. Geo. Cox, Mrs. H. Kline, Mrs. Baldwin, Mrs. Rice, Mrs. Charles Massey, Mrs. George Rapsilber, Byron, Leon, Johnnie, Edith and Ethel Stewart, Rhoda, Oscar and Alice Zachary, Ina, Nellie and Beulah Stewart, Elouise and David Smith, Helen, Walter, Herschel, Leona and Lester Wood, Fay, Fern, Marjorie, Marie and Virginia Cox, Marjorie and Martha Kline, Anna B. Walter and Virginia Rice, Edith L. and Charles Massey, Elsie and Ethel Rapsilber, Mable and Ralph Jones, Irma and Gertrude Sibert, Mary J. Capps, Virgil Vardner, Ada and Marion Galley, Harvey and George Gunn. Among those who received prizes for high marks were: Ethel Stewart, Ethel Rapsilber, Johnnie Stewart and Edith Stewart, from the primary grades were Ralph Jones, Ina Stewart and Ethel Stewart.

The ceremonies of exemplification will commence at 2 o'clock and the first and second degrees will be given by the Springfield degree team in charge of District Deputy William J. Mahan, and the third degree to be conferred by District Deputy John J. Ferry and Staff of the Jacksonville council. The personnel of the degree team from this city is as follows: John J. Ferry, D. L. Bentley, Frank Kiloran, Joseph McGinnis, John E. Fogarty, P. H. Loneragan, Will M. Carroll, Steven J. Devlin, Will M. Harmon and Frank McKenna. John A. Schmalz of Webster Grove, Mo., will join the team at Litchfield.

WOMAN'S COLLEGE NOTES.

The Woman's College students, who are in the Greek Play, Electra, to be given by the Classical Club of Jacksonville May 19, are very much interested in their work; the Greek chorus is making excellent progress.

Two hundred and sixty delegates to the T. P. A. convention were entertained at luncheon Friday evening in the regular dining hall. At the conclusion of the serving President Harker was called upon for an address by the president of the local post. He responded briefly and extended a most cordial welcome to the visitors, expressing his appreciation of the traveling men as citizens in the community.

The students enjoyed a picnic luncheon Friday evening. They were served from the domestic science rooms and immediately went out on the lawn.

Work in preparation for the May Day celebration is progressing nicely and the event will be worthy of the college and of Jacksonville in every way.

On Thursday afternoon the college was visited by the East Sangamon Standard club. These men were greatly interested in what they saw and spent some time in the different departments.

Dr. Harker left Saturday afternoon for Matteson where he will preach in the First Methodist church on Sunday in the interest of the Forward Educational Movement.

Dr. Horace Reed, one of the trustees is visiting the college. He will be in Jacksonville for several days. He is greatly improved in health and before long expects to take up his regular work.

The Belles Lettres open meeting took place Saturday evening in Music Hall and was attended by a large company of friends and those interested in the work of the society. A most creditable program was presented, a full account of which appears in another column of this paper.

Eating Too Much

By WALT MASON.

I have the measles and the croup, the shingles and the mumps; my teeth have long been in the soup, aches playing round their stumps; oh, I have bunions on my jaws, I have to use a crutch, and Doc says it's all because I'm eating too much. And that's the way that Science goes, in these dad-blamed days; there is no pity for your woes, for any how you raise. When you are bent beneath disease, the doctor prods your frame and sprays again the same old wheeze: "My friend, you are to blame! You eat too much, you sleep too long, you don't take exercise; you never can be well and strong till you reform." he cries. Why can't he dope away our ills, since we have got the price? Why can't he ure us with his pills, and cut out good advice?

I've a pair of housemaids' knees and likewise chickenpox. All native ailments I have got, and ailments French and Dutch, and Doc, he says—he makes me hot!—I'm eating too darned much. And that's the way that Science goes, in these dad-blamed days; there is no pity for your woes, for any how you raise. When you are bent beneath disease, the doctor prods your frame and sprays again the same old wheeze: "My friend, you are to blame! You eat too much, you sleep too long, you don't take exercise; you never can be well and strong till you reform." he cries. Why can't he dope away our ills, since we have got the price? Why can't he ure us with his pills, and cut out good advice?

YOUTH WILL BE TRIED FOR KILLING TEACHER.

Jean Glanini Must Answer for Death of Miss Lida Beecher—Is Charged With Beating Young Woman to Death With a Wrench.

Little Falls, N. Y., May 2.—Monday next is the day set for the opening of the trial of Jean Glanini, the 17 year old youth who is accused of having murdered Miss Lida Beecher, a young school teacher of the town of Poland. Despite the fact that Glanini is alleged to have made a confession of the crime, a vigorous effort is to be made to obtain his freedom. His father, who is well-to-do, has retained eminent counsel to conduct the defense.

The body of Miss Beecher, torn, cut and bruised, was found in a clump of bushes on the outskirts of the town of Poland on the morning of March 28 last. The young woman had left her boarding house in the evening to mail a letter at the village postoffice. After she did not return, search for her was begun, but it was not until the next morning that a farmer, driving along the road, found the body.

Miss Beecher, who was the daughter of a minister, had for several years imbibed a religious spirit and had planned to quit teaching at the end of the present term and offer herself as a Presbyterian missionary in foreign fields. She had become deeply interested in the moral welfare of young Glanini, who had been one of her pupils, and had written to her father on the subject of the course she should pursue in reclaiming him from evil ways. It is supposed that the youth tired of the teacher's persistence in her efforts to have him reform. Then, too, it is believed that Glanini feared Miss Beecher would use her influence to have him committed to an industrial school. Luring the young woman from the village on the pretext of meeting his father over his case, Glanini is believed to have attacked and killed her with a wrench that was found in his possession.

SOME OFF-SIDE CHUTES.

The Sox have "regained" their form and are now on their way toward the cellar.

Jasper got into the game at Detroit Friday, relieving Scott in the fifth, after the Tigers had the game sewed up. Hylo was relieved after three innings to allow a pinch hitter to walk up to the pan and bluff at three high ones. While he performed in the box he had Detroit's sluggers completely at his mercy, allowing not a hit and fielding like a star.

Harry Heber, the champion nation performer, has annexed another championship to his credit. A few evenings since in the Chicago Athletic club's tank he beat his own world's record 4-5 of a second in the 150 yards backstroke swim, negotiating the route in 1:49.45. He also won the 100 yards swim for the National A. A. U. championship in 1:55.3-5. Harry is now the proprietor of four swimming championships. The Bohemian "water dog" is a brother of Jake ("Eat 'Em Up") Heber, a printer well known in Chicago and New York, who is some crack athlete, too. Jake had conditioned the stick and rule and stuck close to the boxing game and baseball he now would have been as famous as "Kid" Harry.

When Charley Somers of the Cleveland Naps sold Pitcher Nick Cullop to Charley Somers of the Cleveland American association team, he imagined the southpaw would be saved the expense of changing boarding stores; also, if Nick improved in the delivery of the wares he had for sale, it would be no inconvenience for C. Somers of Cleveland to repurchase those wares from C. Somers of Cleveland. Long looked Nick had a different kind of a "think" and immediately jumped into the Feds. He is now browsing with Stovall's Kawfeds.

Johnny Coulton is on his way to the golden west, where on June 9 he will hook up with Kid Williams for the bantam championship. The champion will train in the mountains near Los Angeles during the coming three weeks and will finish up his preparation in the "City of Angels." When he left Chicago Friday he weighed stripped 117 pounds, one pound above the scale, and he was in the pink of physical condition, all of which will be good news to his friends the world over. He said that while he expected a stubborn resistance, the finish would demonstrate that the United States yet had a wide margin over Denmark. Here's hoping his prediction comes true.

The Gunboat Smith-Bob Moha tilt has been declared off by the Milwaukee boxing promoters. Smith held out for a guarantee a trifle less than \$1,000,000, and as Ad Volgast and a few other has-beens only are considered worth that price, the Gunboat's services were declined.

Another wonder has been uncovered by the Johnson family. A youngster with that popular baseball monicker in a game a few days ago between his college team, Ursinus, a well known eastern Catholic preparatory institution, and the renowned Fordham university team, shut out the latter without a hit, besides sending fourteen of St. John's men to the bench via the strike-out route. If this youngster maintains that gait during the season Ursinus' pedagogues will have another sensation to turn over to the tender mercies of Connie Mack.

While the inventor of the hidden ball act, Ollie Pickering, is yet answering roll call, the trick still holds good among some of the big leaguers. Johnny Evers works it several times each season. But never was a better exhibition of the moss covered play exposed than the one in the game Friday on the South Side prairie, when the boys of the Maple Grove school wrecked a team made up of their fathers and a few mavericks. One of the latter had reached the keystone sack a few inches in advance of the thrown ball. Carl Sanberg, guarding the sack, bluffed at throwing the ball to the pitcher, and the "wise" father danced away from the bag only to be touched out by the youngster, who had the ball "cached" up his sleeve. Protests from the pater were of no avail, and when he talked back to "his umpire" he was threatened with suspension for the balance of the season. The captain of the mavericks also handed him a package for pulling the bone in the presence of the large outpouring of South Jacksonville fans.

Chief Meyers and several other Giants have signed long-time contracts with New York. McGraw is taking no chances with the Stovall, the Knabes and the rest of the Federal league sollicitors.

When Washington had the game against Philadelphia clinched Friday, Clark Griffith sent Walter Johnson to the mound in the ninth to relieve Joe Boehling. In that round the Macks bumped the great Walter for five hits, which netted three runs and the game, 7-6. If Walter had been performing at Detroit the past week instead of Maine, Durbin, Hall, et al. the Sox would have continued in control of the perch. Even Ping Bodie would be kept in the line-up to "sting that pill."

Frank Chance seems to have worked Ray Caldwell into top-notch condition. The sporty Ray on Friday gathered his second shut-out game of the season, when he let Boston down with three hits. When not in the box he frequently guards the first corner, because of his hitting strength.

HOME RUN DRIVES WIN GAME FOR PHILADELPHIA

Robert, Magee and Luderus Make Circuit Smashes, the Phillies Winning 6 to 2—Other National League Results.

Boston, May 2.—Three home runs by Philadelphia batsmen off Perdue gave their team an easy victory over Boston today. Robert and Magee and Luderus made the circuit drives. Robert had a home run, two doubles and a single in four times at bat. The score:

Club: R. H. E.
Philadelphia 3 30 100 020—6 11 3
Boston 1 000 010 100—2 6 3
Batteries—Marshall and Killifer; Perdue, James and Whaling.

St. Louis 9; Chicago 4.
Chicago, May 2.—Pitcher Vaughn weakened in the seventh and eighth innings and allowed seven hits, which coupled with three errors, a wild pitch and a passed ball gave St. Louis an easy victory. The score:

Club: R. H. E.
St. Louis 9 020 000 430—9 9 4
Chicago 1 020 001 010—4 8 4
Batteries—Doak, Sallee and Snyder; Humphries, Vaughn and Bresnahan.

Brooklyn 3; New York 0.
New York, May 2.—Pfeffer, a recruit Brooklyn pitcher held New York to four hits today and shut-out McGraw's champions 3 to 0. Wheat's bat drove in all the Brooklyn runs. The score:

Club: R. H. E.
Brooklyn 3 100 002 000—3 7 1
New York 1 000 000 000—0 4 1
Pfeffer and McCarthy; Tesreau, Fromme and Meyers.

Pittsburgh 7; Cincinnati.
Pittsburgh, May 2.—Pittsburgh made it five straight in their second winning streak of the season by downing Cincinnati today in a poorly played game. Bad base running killed the visitors' chances. The score:

Club: R. H. E.
Cincinnati 1 001 000 040—5 12 2
Pittsburgh 1 103 010 20x—7 8 6
Batteries—Douglass, Lear, Rowan and Clarke, Gonzales; Cooper, Adams and Gibson.

WHITE SOX LOSE TO ST. LOUIS BROWNS 2 TO 1

Chicago Americans Are Unable to Hit Hamilton—Other American League Results.

St. Louis, May 2.—But for Enzenroth's error in the first inning "Lefty" Hamilton would have shut-out Chicago here this afternoon in a battle with Russell, also a left-hander. Hamilton allowed only two hits. It was a great exhibition of pitching. The score:

Club: R. H. E.
Chicago 1 100 000 000—1 2 1
St. Louis 1 110 000 00x—2 5 1
Batteries—Russell and Schalk; Hamilton and Enzenroth.

We Keep Your Suit New!

The man who does not have his clothes dry cleaned and pressed frequently, does not get the full wear out of them.

Long before the clothes are worn out the lapels droop over, the coat front breaks, the sleeves wrinkle and pull out at the elbow, the trousers become baggy and lose their shape at the bottom, and the entire suit looks old and disreputable.

Our service keeps them clean and fresh, keeps them shaped right and fitting perfectly until they wear out. It's not only an aid to good dressing—but a real economy, as well.

Take advantage of it frequently.

 Peoria . . . 022 001 020—7 10 3
 Batteries—Alberts, Malloy, Seaman and Waring; Ruffie, Shaughnessy and McCann.

Dubuque 7; Danville 1.
 Dubuque, Iowa, May 2.—Jones, a recruit from Topeka, held Danville to five hits today, Dubuque winning 7 to 1.

Jude's home run with two on in the seventh inning was the feature. The score:

Club: R. H. E.
 Dubuque . . . 000 000 43x—7 11 1
 Danville . . . 100 000 000—1 5 2
 Batteries—Jones and Hammer-schmidt; Neal and Erloff.

Davenport 7; Decatur 6.
 Davenport, Iowa, May 2.—Davenport rallied in the ninth inning today, drove in four runs and defeated Decatur 7 to 6, in a sensational finish. Timely hitting by Becker and Bromwich brought the victory. The score:

Club: R. H. E.
 Decatur . . . 400 002 000—6 8 2
 Davenport . . . 100 100 014—7 10 1
 Batteries—Warren, Harper and O'Brien; Stringer, Crouch and Simpson.

Quincy 4; Bloomington 0.
 Quincy, Ills., May 2.—Pitcher Miller held Bloomington to three scattered singles and the Quincy team rapped out four runs from Pitcher Brummener, the locals winning by the shutout route.

Daring base-running was a feature of the attack. The score:

Club: R. H. E.
 Bloomington . . . 000 000 000—0 3 0
 Quincy . . . 201 001 000—4 8 0
 Batteries—Brummener and Scheld; Miller and Fowler.

BURKETT THE DEAN OF THE DIAMOND.

Boston, Mass., May 2.—With the opening of the season in the "little old" New England league this week, Manager Jesse Burkett started on his twenty-eighth consecutive year as a baseball player. As pilot of the Worcester team Burkett dons the spangles regularly and though he doesn't participate in every game, he plays often enough to get his name in the records for the season. Since Jim O'Rourke made his final retirement from the diamond to become president of the Eastern league, the records for continuous service on the ball field doubtless belongs to Burkett.

Jesse Burkett was born in Wheeling, W. Va., Dec. 4, 1870. At the age of 16 he began playing professional ball at Scranton, Pa. Two years later he went to Worcester. Later he was traded to the New York Giants, who farmed him out to the Lincoln club of the Western league. In 1891 he was sold to Cleveland. He remained in the Ohio city until the amalgamation with St. Louis in 1899 and played with the St. Louis Cardinals through 1901. The next season found him a member of the Boston American league club in the Mount City. In 1905 he joined the Boston American league club. A year later, he bought an interest in the Worcester club and has acted as manager of the team even since.

SPRINGFIELD WINS ANNUAL CORN BELT MEET; DECATUR SECOND

Capital City Lads Win With 44 Points But Lose Relay Race for First Time in History of Meet.

Springfield, Ills., May 2.—Springfield won the annual Corn Belt meet here today with forty-four points. Decatur was second with 25 points. Bloomington finished third with 14 points. For the first time in the history of the Corn Belt, Springfield lost the relay race, Decatur winning that event.

The oratorical contest was won by David Shand of Springfield.

Lewis Institute Is Winner.

Beloit, Wis., May 2.—Lewis Institute of Chicago won the eighth annual Beloit college interscholastic track and field meet this afternoon with a total of 45 points.

Goelette of Kewan was the highest point winner with 17. One hundred and forty athletes from twenty-two preparatory in Illinois and Wisconsin competed.

Minnesota Defeats Iowa.

Iowa City, Iowa, May 2.—The University of Minnesota won the dual track meet with the University of Iowa here today, 69 to 51. Shrader of Iowa was the star of the meet, taking five firsts.

 Princeton, 6.
 Geneseo, 6.

Illinois Swamps Perdue.

LaFayette, Ind., May 2.—The University of Illinois today swamped Perdue University in the annual track meet, the score being 95 to 22. Banks of Perdue won the low hurdles and Phelps of Perdue tied with Culp for first place in the pole vault, at 11 feet, 6 inches. In all other events the hoilermakers won only seconds and thirds.

East of Perdue gave Sanders a hard race in the quarter mile. Hohman won the century dash in 10 1-5.

Wisconsin Defeats Ohio.

Columbus, O., May 2.—Wisconsin, Vanhant of Wisconsin put today by a score of 79 to 47. State records were broken in two events. Venghent of Wisconsin putting the shot 43 feet, eight inches and Rankin of Ohio State hurling the discus 113 feet, 3 inches. Ohio State captured five firsts, winning the discus throw, pole vault, half mile, high jump and hammer throw.

Westport High Is Winner.

Columbia, Mo., May 2.—Westport high school of Kansas City won the state interscholastic track meet here today by scoring 34 3-4 points. Kansas City manual training was second with 22 3-4 points and Joplin third with 20. L. Winn of Kansas City manual training broke the state interscholastic record in the 120 yard hurdles, making the distance in 16 2-5 seconds.

I. S. D. DEFEATS I. C. H.

A baseball game was played at the Insane Hospital diamond yesterday. Fred Degener of I. S. D. team was pounded out in three innings. Frank Friday succeeded him and pitched in good form for seven innings. He allowed one hit and fanned seven. Simons succeeded Miskell in the eighth inning. They tied the score in the seventh inning and at the finish it was 19 to 11 in favor of I. S. D.

ILLINOIS COLLEGE NOTES.

Professor R. H. Tanner of the Department of Greek and Latin, was in Chicago on Wednesday. Miss Mary F. Willard, the daughter of the late Dr. Samuel W. Willard, kindly offered to give to the college a selection of books from her father's library. Dr. Tanner went to the city to select these books.

Through the courtesy of Mrs. Thomas Worthington, a very interesting Lincoln letter was exhibited to the class in American History on Thursday. The letter is one written by Lincoln to James Berdan, and dated Springfield, July 22, 1849. It relates to a federal appointment in which both Mr. Lincoln and Mr. Berdan were interested. Autographs of Andrew Johnson and Lyman Trumbull; a copy of the Illinois Journal containing an account of the "Fall of Richmond"; and a copy of the New York Herald containing an account of the funeral services for President Lincoln in Washington, were also exhibited to the class.

Miss Foss, of Miss Hinman's school in Chicago, arrived on Monday and is training the students for the Elizabethan May Day. The students are taking up the work with great interest. Several old and very interesting folk dances will be used in the festival. An old play will also be staged under the direction of Professor Ames. May 14th has been selected as the date of the May Day. Mr. John P. Senning, formerly instructor in History and Political Science at Illinois college, has been awarded a fellowship in American History at Yale University.

Visiting high school teachers and seniors were entertained at supper on the lawn in front of the president's house, Friday evening after the athletic meet.

WORLD'S MARKET NEWS

SLOW DECLINE IN STOCKS TAKES ADVANTAGE OF WEEK'S ADVANCE

Market Shows No Real Weakness However and Majority of the Losses are Small.

New York, May 2.—A slow decline in stocks today took off the advance of the week's advance. The movement was downward from first to last but there was no real weakness and in a majority of cases losses were small. After such an upturn as occurred this week, the reaction came to natural sequence. The advance of the last few days put the popular shares 2 to 3 points higher.

Steel held up fairly well. A further decline was noted in Rock Island. The gold export movement, discussed a possibility for some time began today with the engagement of \$1,000,000 for Paris. The bank statement was a disappointment although it showed an actual cash gain of more than \$5,000,000 and a still larger increase in surplus. A cash gain of \$20,000,000 had been predicted.

REDUCED STOCK PREDICTION RALLIES WHEAT MARKET

Cancelling of Warehouse Receipts Arouses Misgivings Among Shorts—Corn Closes 1/2 Cent to 1/4 Cent Above Friday.

Chicago, May 2.—Belief that wheat stocks here would be reduced to an impressive extent in the near future had much to do today with causing the market to rally. The outcome was a steady close at a shade to 1/2 cent net advance. Corn wound up 1/2 to 3/4 cent above last night; oats with a gain of 1/2 to 3/4 cent and provisions unchanged to 1/2 cent higher.

Cancelling of warehouse receipts on a large scale aroused misgivings among shorts in wheat. More than half a million bushels of No. 2 hard was reported as having been ordered of Chicago elevators yesterday and there were notices of lake charters having been taken for 750,000 bushels of wheat from here in the last 48 hours. More-over cash business today in old wheat here exceeded 250,000 bushels, chiefly to millers and exporters. There were also sales of 2,000,000 bushels new for export in August and September.

Shorts in corn evinced nervousness from the outset and covered freely, especially for May. The chief incentives were the higher cables, the absence of good deliveries here and the prospect of stocks here showing a big decrease for the week. There have been general defaults on April contracts for shipments from Argentina. Expected lively clearing out of stocks here did not materialize. Buying said to be for Milwaukee packers gave provisions a lift. Demands, however, did not arise until quotations had undergone some setback.

Putting on the Fat

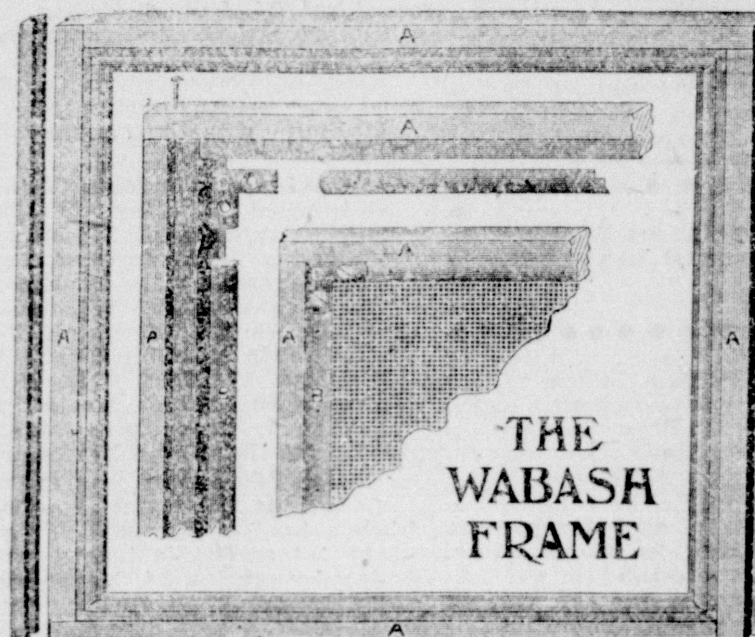

Out on my farm I am giving a practical demonstration of what can be accomplished with the Wood's Grain Softener.

There are 43 cattle in the bunch. Each steer is getting a peck of corn daily. It is ground, cob and all and then cooked. In addition to the corn, each steer gets about nine pounds of clover hay a day and straw is near them all the time. A man with long experience, who has been watching these cattle, says they are putting on three to four pounds a day. They are sure making good money and the reason is that corn prepared in my cooker has far more nutriment value than fed in the ordinary way. Come and see these cattle.

MAKES ARGUMENT FOR WOMAN'S SUFFRAGE

MRS. ANTOINETTE FUNK MAIN-TAINS THE MOVEMENT IS SOLIDLY FOUNDED.

Provisions of the Proposed Shafroth Palmer Amendment to the Constitution Explained—Suffrage Actuation Said to Have Spread to Every State in the Union.

At many woman's suffrage demonstrations in all parts of the United States Saturday an address was read prepared by Mrs. Antoinette Funk of the congressional committee of the National American Woman's Suffrage association. The writer explained the Shafroth-Palmer amendment to the constitution now pending in congress and which is being supported by the national association.

On this point the address says: "Suffrage for women has advanced out of the realm of academic research and into the field of active politics, and it is the problem of practical politics that now confronts us. The old questions, doubts and queries, 'Is woman inherently qualified for her own self government; is it seemingly proper and for the good of the race that she should emerge into the sphere of active heretofore monopolized by men; would such activities pollute society and bring desolation to the nation?' These and many kindred subjects of discussion have been relegated to the scrap heap along with 'Has woman a soul?' and 'What punishment shall be meted out to him who taught her, books?'"

New Army of Voters.
"An army of 4,000,000 voters—women voters—have appeared upon the political horizon. The story of their struggles are stirring and dramatic, their final victory marks an epoch in the history of our times, and is in its various phases a history of the American people, a psychological study of American growth and development."

Mrs. Funk's address briefly traces the efforts to secure woman suffrage and the development of the suffrage movement in the western states, and of the tremendous victory that was scored when California came into line and west of the Mississippi 2,500,000 women had secured the ballot. She recounted the struggle for suffrage in Illinois and of the great victory which was scored when suffrage crossed the Mississippi river. The address triumphantly declares: "The political snicker-snee, the balance of power is now in the hands of women." Dealing more particularly with the important question pending in congress the address says:

"Now there is not a state in the union without suffrage agitation along political lines. Women are not slow in politics. With the history of the world's experience to guide them; with no political sins upon their conscience and no political hobbies on their feet, they come with something hitherto unknown in the game; primal strength which brings red blood to politics, as primal youth brings red blood to the race."

"There are seven campaign states this year. It is a fair estimate to say that of these four will carry. And by this accretion of strength other states will be heartened and the national situation immeasurably advanced."

Two Enfranchisement Methods.
"There are two methods of enfranchisement: By states, themselves, and by amendment to the federal constitution."

"Congress may upon direction from two-thirds of the states, or upon its own initiative, call a constitutional convention to amend the constitution, which when ratified by the states becomes operative. Twenty-six states have already signed such a petition to congress and a joint resolution to that end has been introduced but not acted upon; or if they pass a direct resolution to amend the federal constitution such a resolution must pass the senate and house of representatives by two-thirds vote of those present. The resolution must then be presented to the legislatures of the several states for ratification; and when ratified by two-thirds of the states it becomes the law of the land."

"Many of the closest students of the constitution believe our national progress will be hampered and delayed until a more elastic constitution is provided. One that will meet the demands of the new progress and remove constitutional barriers from our path."

"It is within the power of congress by these methods with the consent of the states to enfranchise all women, and it is to the federal congress, the supreme legislature, that women have always turned for final justice. At the time the 15th amendment was adopted the women of America asked for recognition and it was denied them. The government refused to recognize the highest moral element in the country and the most intelligent, but bestowed full suffrage on her least intelligent male citizens. Women have been expected to love this government and to praise it, and stand by it, even after this affront has been offered them. And it speaks well for American womanhood that they did retain their loyalty and their patriotism."

"A resolution for full suffrage has been in congress for over fifty years and is called the Susan R. Anthony amendment, and for fifty years the national organization of which you are a part, The National American Woman Suffrage association, has brought all possible pressure upon congress in its behalf. It has even directed the unfranchised women to turn their eyes to it as their goal, which when won would end the first

leap on the path of modern progress.

Growing Influence.

"From a corporal's guard in congress who favored suffrage twenty years ago, a majority of the senate voted for it this not been tested in its strength has not been tested in the house of representatives. It is conceded that a majority, more than a majority of the number, are suffragists, but in both branches of congress many good and honest suffragists are opposed to congress establishing equal rights for women, claiming that it is a question for the states. It is the old conflict raised by the states rights doctrine, and your national organization, through its congressional committee maintained at Washington, has devised a plan endorsed by the best political minds, the most experienced friends of suffrage and calculated to advance the cause nationally and in the state, recognizing that national strength makes for strength in the states, and suffrage in the states strengthens the cause in the nation, the two are interdependent one upon the other."

"The resolution introduced into the senate by Senator Shafroth of Colorado, and into the house of representatives by Representative Palmer of Pennsylvania, known as the Shafroth-Palmer amendment in no manner supercedes or replaces the Anthony amendment. It is not a substitute for the Anthony amendment, but it is in aid of it (calculated to open the door for its final passage, to build a path up to it, a path that will lead around and away from the present insurmountable barrier of truth, states' rights. As a matter of truth, states' rights as applied to suffrage means the race problem."

"So far we can go and no further. When we find a man, a con-

gressman, who is opposed to suffrage because of prejudice he may be won over or replaced, but when he comes from a section of the country where there is deep and bitter abiding feeling and conviction that it would be a national sin for three-fourths of the states to force suffrage upon them without their consent, we have reached a barrier that cannot be surmounted until a way is found. The Shafroth-Palmer amendment points to that way."

"The state constitutions all contemplate that, in its last analysis, the people of the states shall pass upon suffrage, but the legislative barriers nullify that intention. They say this the people's question for them to decide as they wish. The constitution of the United States itself leaves this question to the states, but did not intend that these constitutions should be so drawn by one generation that another generation would forever be denied the rights presumed to be secured to them."

"The Shafroth-Palmer amendment provides that when eight per cent of the number of legal voters at the last general election sign a proper petition, the people may vote directly upon the proposition of suffrage."

"It is not an invasion of states' rights. It passes the matter to the people in the states, they may decide it directly when they get ready without asking permission from the state legislature to make such decision."

"The passage of a suffrage amendment by congress will give suffrage a tremendous boom from coast to coast, and federal sanction would dignify the amendment in states where suffrage has never been treated seriously."

"Suffrage would no longer be a subject for political controversy and

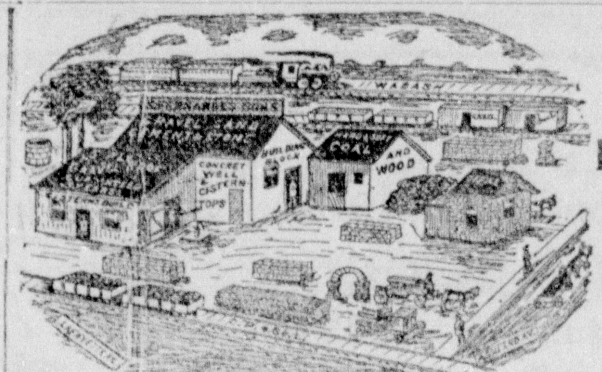

the cause would be won. The rest of the states would come in by the quickest route, suffrage would be welcomed as a means whereby the most serious problems could be solved and no longer regarded as a burden to be avoided."

"Suffrage for the whole country is in sight. The victory will be won without a struggle, because every advance in the direction of progress from the dawn of civilization has met with the opposition of prejudice, strengthened by ignorance. Every new invention for the benefit of mankind in its inception has been declared an impossibility. Every reformer has been called a crank and those who have done the most for the human race were considered lunatics, heretics, or enemies of society at one time or another."

"Suffrage is coming because it is right. Men who have had the power to hold half of the American citizenship in disfranchisement are before the American bonifaces their position. Men who believe that nations cannot stand still, but must progress or retrograde, see that woman's suffrage is a part of the general forward movement of the time."

MUSICAL EVENT AT WINCHESTER.

The Winchester Choral Society under the directorship of L. Foster Hite of Jacksonville will close the seasons work with the presentation of "The Holy City" by Alfred R. Gaul. Soloists for the oratorio include Mrs. Hartmann, vocal director of the college of music; Miss Mary Violet of Beardstown, Mr. Sam G. Smith of Peoria and other well known vocalists. The performance will take place in the M. E. church, Thursday evening, May 17. Mrs. Lois Watt Eckman will preside at the pipe organ.

Spring Opening Announcement and Showing of a Famous New Line of Stoves and Washing Machines

Monday, May 4, to Saturday, May 9, Inclusive

We are going to introduce in Jacksonville a new line of hot weather goods—stoves and washing machines, and have made arrangements with the factories to send representatives of

experience and ability to be with us during the demonstration and introduction. We extend a cordial invitation to the public to visit our salesroom during the period mentioned. We are confident that the things we will show will be found most interesting and practical. Miss Elizabeth Minish, head instructor for the Laclede Gas Company of St. Louis, will demonstrate the efficiency of this latest type of range.

A Very Special Offer

At any time during the days mentioned above we will take back your old low oven stove and allow you \$5 on the purchase of a Cabinet Range. This is positively the only time that this offer will be made this year.

Absolutely Best Opportunity of the Season

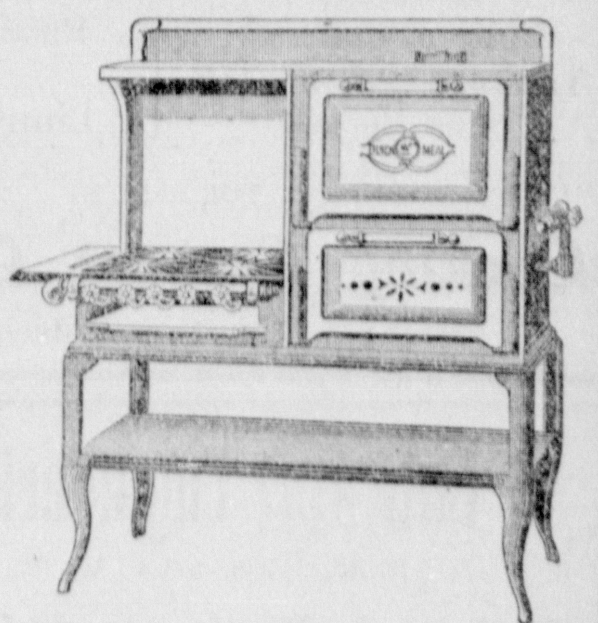

RELIABLE GAS RANGES

A Cabinet Range to be Given Away

To each adult person visiting us during this demonstration we will give a ticket that will entitle the holder to a chance on this magnificent \$34 Cabinet Range. It is a beauty, glass doors and enamel parts.

T. P. A. CONVENTION IN BLOOMINGTON IN 1915

INVITATION FROM THAT CITY FOR NEXT ANNUAL GATHERING IS ACCEPTED.

David McMaster of Abingdon is Now President—Secretary's Report Shows Illinois Membership Now Near to Five Thousand—Parade a Big Feature—Splendid Program Preceded Business Session—New Apportionment of National Delegates.

The 24th annual convention of the Illinois division of the Travelers Protective Association adjourned Saturday afternoon after electing officers and choosing Bloomington as the next place of meeting. David McMaster of Abingdon is the new president. The business session followed the parade which moved promptly at 9:30 and was pronounced to be one of the finest which Jacksonville has ever seen. Captain John E. Wright was the marshal and he was assisted by Louis Cain; Herman Cohen and L. H. Kraus, aides.

After the parade the entire company of delegates and visitors were stationed near the north east corner of the square and Otto Speith took the picture which was placed on sale within two hours afterwards.

The company then adjourned to the opera house where a delightful program was carried out before the actual business of the convention began. Harry B. Myers acted as temporary chairman and made a call to order with a few brief remarks and then presented Dr. F. A. McCarty who offered a prayer. J. A. Munson, president of Post O., in well chosen language delivered an address of welcome. He said in part:

"Entertainment in Dry City. I am especially glad to welcome the ladies on this occasion. As you doubtless have observed, we are conducting a convention along the latest and modern lines; that is to say, without any intoxicating beverages being served. For this I do not need to apologize for as I know that every commercial man of Illinois is a total abstainer. If there is any one here who is not, please stand up."

"On behalf of Post O., I want to assure you that I voice the sentiment of every member when I say to you that we are glad to have you with us, and extend to you a hearty welcome and greet you with open arms. As I look about this morning I miss one familiar face in the death of Robert S. Fanning. By his going I lost a true and loyal friend, one whose memory I can always cherish and this post lost a true and faithful worker. Two years ago in Danville, you honored us by electing one of our members your state president. And last year at Quincy you again honored us by deciding to hold the 24th annual convention in our beautiful city, and now in return for all that Post O. want to honor you by giving you one of the best state conventions ever held by the Illinois division, having secured that privilege Post O. determined to deserve it and show you that the members of this post and the people of this city know how to welcome and entertain their guests. Post O., considers it as a high privilege to honor to be allowed to welcome and entertain you at this time and in this the people of Jacksonville join for they know that the commercial men of Illinois are men of sterling worth and integrity; they know they are men that are broad minded, public spirited, intelligent and generous in all their impulses; they know their value to the state and nation and especially to the cities in which they reside.

Thanks Extended. At this time I want to personally thank each and every member of the various committees who have labored so unceasingly to make this convention a success. I want to thank the Chamber of Commerce and the business men for their hearty cooperation and extend thanks also to Dr. and Mrs. Harker, Dr. and Mrs. Woolston, Supt. C. P. Gillett and J. Capps & Sons. To them we owe a great deal for the splendid entertainment they especially prepared for us. At this time I also want to thank each and every one who has taken part in this program this morning. And now in conclusion I want to say speaking as a citizen of Jacksonville, and as a commercial man, that if any of you are casting about for a city in which to reside, I assure you I cheerfully recommend Jacksonville to you as a city where the commercial man is looked upon as a most desirable citizen.

The Special Program. John J. Reeve, President of the Jacksonville Chamber of Commerce made an address of welcome on behalf of that organization and of Jacksonville people in general. Mr. Reeve made a splendid speech relating a number of new and pointed stories evidently very much to the entertainment of the delegates.

The response was made by H. B. Ramey of Champaign in the absence of President Frank W. Dudley who was detained at his home in Decatur by illness.

Miss Abel Matthews with Miss Alice Mathis as accompanist sang with splendid effect, "The Little Gray Home in the West" and gave an encore which was enthusiastically demanded, "A Birthday."

Another delightful musical number was supplied by Miss Nathalia Jensen of the Conservatory, who played two violin selections, Canonnetta Op. 6, "A D'Amore" and "Spicatto Etude," Johannes Palaschko. Mr. W. E. Kritch was the accompanist.

Before surrendering his post as temporary chairman Mr. Myers on behalf of Post O. presented a handsome gavel to O. A. Allard, who accepted it in the stead of Mr. Dudley. In his remarks Mr. Myers referred to the successful administration of

state T. P. A. affairs during Mr. Dudley's tenure of office. Mr. Myers then introduced as the presiding officer for the session, D. T. McMaster of Abingdon, the first vice-president. Before the formal program began the Jeffries concert band played a selection and the program began at intervals was enlivened with music by this organization of which Jacksonville is so justly proud.

As soon as Mr. McMaster had taken the chair special committees were announced.

Membership of Posts. The report of F. W. Dudley, the retiring president was read by W. W. Welch, secretary and treasurer. Mr. Dudley reviewed the work of the year and told of the activities the various posts throughout the state. He recommended active campaigns for the establishment of posts in several northern Illinois cities, including Elgin, Freeport, Kankakee and Rockford.

W. W. Welch in his report as secretary and treasurer showed that the present membership of the order in Illinois is 4,576.

During the past year the association has lost 24 members by death, and there were 52 applications for membership received.

The membership throughout the state is divided as follows:

Post A. Quincy, 420.
Post C. Chicago, 718.
Post D. Springfield, 292.
Post E. Peoria, 942.
Post F. Cairo, 61.
Post G. Aurora, 63.

Post T. Rock Island, 13.
Post U. East St. Louis, 90.
Post V. Abingdon, 48.
Post W. Galesburg, 50.
Membership at large, 9.

During the past year the receipts, according to Mr. Welch's report were \$56,855.95 and the balance in the bank April 1, \$6,435.07.

T. S. Logan, national secretary, and Ashby Miller, a national director addressed the convention briefly. Reports were submitted by C. G. Cole, chairman of the board of directors; E. G. Ahren, chairman of committee of railroads; J. H. Hudson, chairman of committee of delivery and transfer; A. B. Cash, chairman of legislative committee and H. B. Ramey, chairman of the committee on roads and utilities. Mr. Ramey's report consisted largely of recommendations for the boosting for the good roads movement.

National Delegate Apportionment. The apportionment committee made its report and subsequently appointments of delegates to the National Convention at Houston were made as follows:

Post A., Quincy—B. H. Miller, H. H. Buschman, C. A. E. Koch, R. E. Hackman.

Post C., Chicago—Harry Grossfield, J. Percy Bell, E. F. Ahern, J. P. Landfield, A. S. Roe, L. Firelander, R. Pokorny.

Post M., Danville—Wm. Lechart, L. W. McCurken.

Post N., Jacksonville—Louis Cain, G. T. McKee, R. M. Wakeley.

Post Q., Champaign—H. W. Metzler, G. W. Clinkenbeard, W. C. Michaels.

Post R., Belleville—C. T. Mullen, Post S., East St. Louis—L. T. Baugh.

Post V., Abingdon—A. B. Spies, Jr.

New Officers Chosen.

There was considerable debate of the matter of changing the allowance for national delegate expenses from \$50 to \$75, but this was finally done by a very large majority.

Bloomington was selected for the next place of meeting and the following officers were chosen to serve for the coming year:

President—Dave McMaster of Abingdon.

First vice president—H. B. Ramey of Champaign.

Second vice president—A. E. Landfield of Chicago.

Third vice president—William Becker of Belleville.

Fourth vice president—L. R. Green of Galesburg.

Secretary and Treasurer—W. W. Welch of Peoria.

Fifth vice president—L. T. Baugh of East St. Louis.

Directors—B. G. Callahan of Peoria, George C. Heberling of Bloomington, C. E. Tuell of Canton.

Representative on national board—Fred Dittewig of Peoria.

MISSIONARY UNION MEETING.

The regular semi-annual meeting of the Missionary union will be held at Grace church Thursday afternoon, May 7th, at 2:30. Mrs. J. O. Fleming, who has worked among the Hindus and Mohammedan women of Lahore, India, for eight years, will give the address.

Two musical numbers and a roll call of delegates from the different societies will be other features of the program.

CHICAGO MEN WILL BE AMONG SPEAKERS HERE TUESDAY

B. E. Gage and W. J. Raymer Have Accepted Invitations to Address Chamber of Commerce Special Meeting.

At the meeting which has been planned for Tuesday evening by the Jacksonville Chamber of Commerce Benjamin E. Gage, vice-chairman of the membership committee of the Chicago Association of Commerce and Walter J. Raymer, former com-

BENJAMIN E. GAGE.

missioner of track elevation in Chicago will be among those who will make addresses. Both will come as spokesmen for the Chicago Chamber of Commerce.

Mr. Raymer has held a number of offices in Chicago and for eight years served as a member of the city council and subsequently became purchasing agent and commissioner of track elevation. Mr. Gage is a landscape engineer of very large experience so that it will be seen that both men are well versed in municipal matters. The Chicago association of Commerce has for some time been seeking to establish closer relationship between the Commercial organizations of the state and for that purpose an Illinois committee was appointed. The purpose of this committee and their hopes were outlined in the following statement:

"Believing that the interests of the business men of Illinois are identical in many matters of commerce, industry and public welfare, and

"Believing that Chicago and the other cities of the state may be mu-

tually benefited by closer relationship and better understanding of common problems and aims.

"It shall be the object of the Illinois Committee of the Chicago Association of Commerce to promote acquaintance, co-operation and helpful counsel between the Chicago Association and each of the other commercial organizations of the state in the interest of commercial reciprocity, industrial advancement and the welfare of all."

Both men will undoubtedly have something to say to Jacksonville people which will be of interest and value.

PERSONAL TAX NOTICE.

All personal tax is past due and must be paid at once to avoid considerable trouble and extra expense.

JACKSONVILLE ELDER

Writes Characteristic Letter Regarding Loss of Appetite.

"Vinol is just the thing. He says, 'For summer, winter, fall or spring. Follow directions, take it right. It will save your lagging appetite.'

"I know, for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinol and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when I split rails, dug wells, topped trees, plowed corn and hoed cotton. Try Vinol and see how good it feels to be real hungry."

When you ought to be hungry and are not it is because your stomach does not feel strong enough to ask for food—a sure sign of impaired general health. Better than dosing the stomach with pepsin for temporary relief is taking Vinol, our delicious tonic, which has the strengthening and blood making power of iron, and the building up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinol does not help you it costs you nothing.—Lee P. Allcott, druggist, Jacksonville, Ill.

P. S.—If you have any skin trouble try Saxo Salve. We guarantee it.—Adv.

FARMERS NOTICE

We Are Now Manufacturing Fertilizers For Soil

We have made a careful study of soil conditions and are now putting up an article which is considered the best on the market for INCREASED YIELD OF Corn or Oats. The same has the following analysis:

Bone phosphate 63.00 per cent.
Phosphoric acid 28.90 per cent.
Nitrogen 2.53 per cent.
Ammonia 3.07 per cent.

If you will carefully compare the analysis of our ROYAL BRAND BONE MEAL, you will find that the same is cheaper than the use of Rock Phosphate or any other fertilizers which are now on the market.

It only requires from 100 to 150 pounds of our BONE MEAL to an acre of soil, depending upon the condition of the soil. This will increase your yield of corn or oats from 10 to 20 bushels to the acre for the first year.

ILLINOIS MERCHANT RESTORED BY WONDERFUL STOMACH REMEDY

Friedrich Redeker, After Long Illness, Says He is Gaining Weight.

Friedrich Redeker, a business man of Arlington, Ill., was a victim of stomach and digestive troubles. He went to a hospital for an operation for another trouble. When he recovered from the operation he found his stomach worse and his heart affected.

He took Mayr's Wonderful Stomach Remedy. He got his appetite back and gained strength right away. He wrote:

"I owe you some words of congratulation for your stomach remedy. I could not eat anything but soft food and the bloating from gas got so bad that at one time I had a fainting spell for three hours. I went to one of your Chicago drug stores and got your remedy. I took the remedy and the next morning was relieved. I have taken seven bottles so far. I am getting stronger and can eat anything that comes along."

Letters like that come from stomach sufferers in all parts of the state; in fact from all over the United States.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Armstrong drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. May, Mfg. Chemist, 154-156 Whiting St. Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.

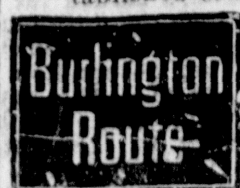

Don't Get Into Debt on a Rented Farm

Get into the dairy business on your own farm. I can put you in touch with the owners of fine prairie lands of rich soil from 300 to 400 miles west of Omaha, which can be bought on very easy terms at from \$15 to \$40 per acre. You are sure to make money by modern dairy practice, because the silo is the solution of the dairy problem and feed crops are heavy on these lands. If you haven't money at first to build a silo, dig one. Good farmers with proper equipment and feed can secure cows on time.

There owners make these special terms to dairy farmers, because they know that a good dairy farmer will make money by corn-silo dairy farming and will soon clean up his obligations. Then hogs and poultry fit right in and round out the profits. These 160-acre tracts are located among improved farms in established communities.

Give me your name; let me help you become the owner of a dairy farm.

Quick Action Getting The Blood in Order

There's Bounding, Pulsating Life in Every Drop of Great Remedy.

Let S. S. S. Hustle Impurities Outward.

Impurities lodge so deeply in the tissues that they cannot be reached by any ordinary method. Mercury and other dangerous mineral drugs may check a disease, but to get right down into where the blood is vitiated requires S. S. S., the greatest blood purifier known. Its action is pronounced.

In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health.

The extraordinary manner in which S. S. S. drives impurities out of the blood is due to its catalytic force in the blood cells, contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutrients and the medicinal elements of this matchless blood purifier are just as essential to well balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and hundred troubles, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice upon any matter concerning the blood and skin write to The Swift Specific Co., 224 Swift Bldg., Atlanta, Ga. Do not allow some zealous clerk to larp the atmosphere in eloquence over something "just as good" as S. S. S. Beware of all counterfeits.

ADVANTAGES AND DISADVANTAGES OF A SMALL HOSPITAL

Dr. J. F. Clarke writing from Fairfield, Ia., takes a radical view of the value of the small hospital such as those we have in Jacksonville: hospitals of from 25 to 75 beds. He says in part:

"All hospitals are so useful and beneficial, that a discussion of the comparative advantages of large and small institutions may seem unprofitable. However, the new 'Iowa idea,' by which the people of rural communities are building hospitals for themselves is spreading so rapidly over the United States that it is arousing much comment and attention. Physicians in the country are asking for these small rural hospitals. Many members of the medical profession in the large cities are frowning on the building of such institutions. The writer believes that their universal establishment is coming, if this belief is justified, it may be well to consider the changes this will entail in medical practice.

The reason for the existence of any hospital is its ability to help the patient. Incidentally it lessens the physicians' labor and makes positions or a school for nurses, but these are comparatively unimportant considerations. Doctors and nurses are merely part of a hospital's equipment—of a good quality or bad, as the case may be. The one pertinent question to ask should be, 'Is it better for Farmer A when ill or injured, to be cared for in a small hospital near home, or in a large city hospital?' Where will the ill or injured man, woman or child be insured the speediest and most perfect recovery with the least exhaustion or anxiety of relatives and friends? Because of the universal sympathy and kindheartedness of the rural people in America, the continued illness of a member of one family has, in the past, meant the exhaustion of the other members of the family and many neighbors too, by night and day nursing and anxiety. Many times these untrained nurses have acquired typhoid or other infections and added yet more to the burden of the community.

The writer, reared in a doctor's family in the country, for a time interned in a large hospital, twice a surgical patient in large city hospitals, and now a year and a half in close touch with a small rural hospital, has observed all ways of caring for the sick. In all the various hospitals he has had much pleasant experience and the shortcomings of any one seems rather insignificant as compared with its excellences. There are, however, differences between the large city and the small rural hospital with it, seems, a marked advantage in favor of the latter.

The ideal conditions for the care of the sick would be an addition to the home, equipped with every hospital appliance, two or three trained nurses, and the most skilled medical attendants. Any hospital is an attempt to supply for all the people these impossible and expensive conditions as in Passavant hospital in this city.

WOMEN SHOULD TAKE WARNING
If the statement made at a New York assembly of women, that healthy American women are rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression, that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

Messrs. Johnson, Hackett & Guthrie received the beautiful flag awarded them by the T. P. A. for the most attractive decorations. The prize was well bestowed for the adornments were indeed beautiful. The firm were also among the first ones to decorate.

FOUR HUNDRED TRAVELING MEN MARCH IN LONG PROCESSION

Led by the Police and Band and Sprinkled With Numberless Banners and Emblems, the T. P. A. Parade Was Brilliant Affair.

A pleasing feature of the twenty-fourth annual convention of the Travelers' Protective association was the big parade Saturday morning. The procession started from the Pacific hotel shortly after 9:30 and besides the traveling men included a squadron of the Jacksonville police, Jeffries band, some thirty automobiles and a number of pony carts and rigs. There were more than 400 members of the T. P. A. in the line of march. Capt. John E. Wright was commander-in-chief or head marshal. Louis Cain rode by his side and further back in the procession were the two other lieutenants, Herman Cohen and Louis Kraus.

The policemen led the procession, the band followed and the traveling men, with their banners and emblems, came next.

The line was made up of Post A., Quincy; Post C., Chicago; Post D., Springfield; Post E., Peoria; Post L., Bloomington; Post M., Danville; Post K., Decatur; Post H., Canton; Post O., Jacksonville; Post Q., Champaign; Post U., East St. Louis; Post V., Adinadon. Jacksonville penants were conspicuous, not only in the hands of the members of Post Q., but also in those of several of the visitors. The Jacksonville men wore hats with black and white stripes, making a conspicuous display. The Quincy delegation wore faultless white hats and to protect themselves from the sun they carried Japanese parasols. The Bloomington delegates bore large penants with the name of their city upon them. H. B. Jaeger's little dog "Duke" trotted soberly along with a suitable covering on his body indicating the occasion and day and in his mouth he carried a pipe, which, however, contained no tobacco. George T. McKee convulsed the bystanders by his wonderful make-up, long grey hair, beard and moustache, bronze complexion and rustic, antiquated dress, while in one hand he carried a diminutive parasol and in the other a carpet bag on both sides of which were the words in primitive letters, "Salesman for Hot Air Merchants". The parade was handled with great skill and the line of march was followed successfully throughout and it was pleasant to note the gentlemanly conduct of the men in line.

A goodly number of automobiles followed the line of march and they were machines owned or driven by H. K. Snyder, L. Brown, David Kennedy (2), Fletcher Hopper, L. F. O'Donnell, D. Estaque (2), Moses Greenleaf, Harry Obermyer, J. W. Conover, Howard Zahn, Harold Gay, Nelson McMurphy, Bert Young, John Vieira, Isaac Moxon, John Skinner, Frank Byrns, S. W. Babb, T. P. Calhoun, Thos. Scott, H. Gibbs, G. W. Spires, C. N. Priest, James Mahon, Dr. Craih, George Wolke, Rev. Walter Spoons, H. M. Andre, T. M. Tomlinson, J. S. Hackett, Dr. Hopper. Some joined the parade after it was started so that it is possible all were not included though a great effort to get all was made. Three pony carts were the observance of all. First was Cora Cherry driving her little nag and her trained dog riding on the pony's back as demurely as if to the manner born. Then came the rigs of Mr. C. B. Graff and Julius Strawn's family on West College avenue.

May Sale of Cloaks May Sale of Suits May Sale of Skirts

The effort to define sales periods, known as seasons, in the marketing of high class ready to wear goods presents many difficult problems for the retailer and this season's operations of our cloak department have finally crystallized into a plan, which conforms as nearly as possible to the demands of our patrons and also enables us to make a quick clearance sale of all spring cloaks, suits and skirts.

From 25 to 50 per cent discount on all coats and suits of spring 1914 models.

The following items carried over from last season's selling to be sold at very special prices in 6 lots:—

Lot 1.	Ladies Dress Skirts, splendid values, at	\$1.69
Lot 2.	Ladies Dress Skirts, choice while they last, at	3.95
Lot 3.	Ladies Coats, at	2.95
Lot 4.	Ladies Coats, at	4.95
Lot 5.	Ladies Suits, at	2.95
Lot 6.	Ladies House Dresses, at	69c

It is certain that if we did not give more value we could not sell more garments and the sooner you find this out the quicker you can save yourself considerable money.

Have You Ever Stopped to Think How Many of the Nationally Advertised Goods Our Stock Comprises

The Way Sagless Spring, one of them, is known to be the best and most comfortable bed spring on the market today. Sold only by the best and largest dealers in every city.

A Wonderful Spring

WE never saw anything just like the "Way" Sagless Spring. It has many of the qualities of the most expensive box spring but sells at the price of an ordinary article.

It never sags or bags. It never doubles you up like a jack-knife. It never bumps you on the bed slats. It never rolls the occupants toward the center of the bed. It never creaks, and groans, and rattles when you turn over.

It is unbreakable as well as unsag-gable. It will last a lifetime with ordinary care. There are no open links to come unhooked or tear the bedding. It is a most economical proposition too.

To prove all this we will send one to your home for 30 nights free trial. The Manufacturer's guarantee, as well as ours, gives you absolute protection. If it sags within 25 years, the Manufacturers agree to furnish a new fabric free.

Price only \$8.00

Think of it—more than nine thousand nights of luxurious ease guaranteed. No risk—no worry—no expense—it's all comfort. The very first time you go shopping, drop in and we will tell you more about it.

MORTUARY

Myers.

Mrs. John Myers died at her home in Pisgah precinct Saturday at 12:15. The deceased was born in England, Jan. 29, 1838 and came to this country with her father's family in 1870 and settled in this county. She was married to John Myers, Jan. 3, 1871, and the home life has been a happy one. She was the mother of six children, Sarah P., Frank T., Mary E., George W., Sarah R. and Clara.

At the age of 17 she received the Apostles' rite in the church of St. John, the Evangelist, in Whitley, England by the most Reverend Father in God, the Archbishop of York and was admitted to the holy communion, July 27, 1865.

On arriving in this country she united with the Providence Methodist church under the ministry of Rev. S. G. Ferre and has ever since been a devoted member of the church doing her full duty as she understood it and always showing her zeal for her heavenly Master. For several years she has been an invalid bearing great pain with christian fortitude and patience and when the end finally came she was ready to go home to be where pain and sorrow are unknown.

She is survived by her husband and five children, the youngest having died in infancy. Those surviving are: Sarah, at home; Mrs. Thomas Ward, of Ashland; George W., John T. and John R. of this county and ten grandchildren. She also leaves four sisters, Mrs. William J. Smith of New Berlin; Mesdames William Baxter, James Warhurst and William A. Tindall, all of England. Her sister, Mrs. Smith was with her at the last.

A precious one from us is gone, A voice we loved is still;

A place is vacant in our home Which never can be filled.

God in His wisdom hath recalled The love this one has given, And though the body slumbers here The soul is safe in heaven.

The funeral is to be held at Ashbury church this afternoon at 2 o'clock.

MONEY

It's MONEY that does the business

Get this one truth firmly fixed in your mind to start with:

The man who pays cash saves more than 20 per cent and gets better goods and service than the man who runs a book.

Prove this for yourself by getting prices from the advertised bargains at the cash store and comparing them with what you have been paying on charged accounts.

Come and start a credit with us and we will loan you the MONEY to pay cash for everything and after you have once established a credit with us you can get MONEY on a moment's notice.

EVERYTHING STRICTLY CONFIDENTIAL

Call, Write or Phone Ill. or Bell 449 and our agent will be pleased to call at your residence and explain our liberal plan.

DID YOU KNOW WHY WE SELL CLOTHCRAFT CLOTHES?

You have likely seen this ad, of which we produce a part, in the Saturday Evening Post or one of the leading Farm Papers.

This is in many ways one of the most remarkable clothing advertisements that have ever appeared, as it tells cold, hard facts, about the making of clothes, which have never been publicly told before.

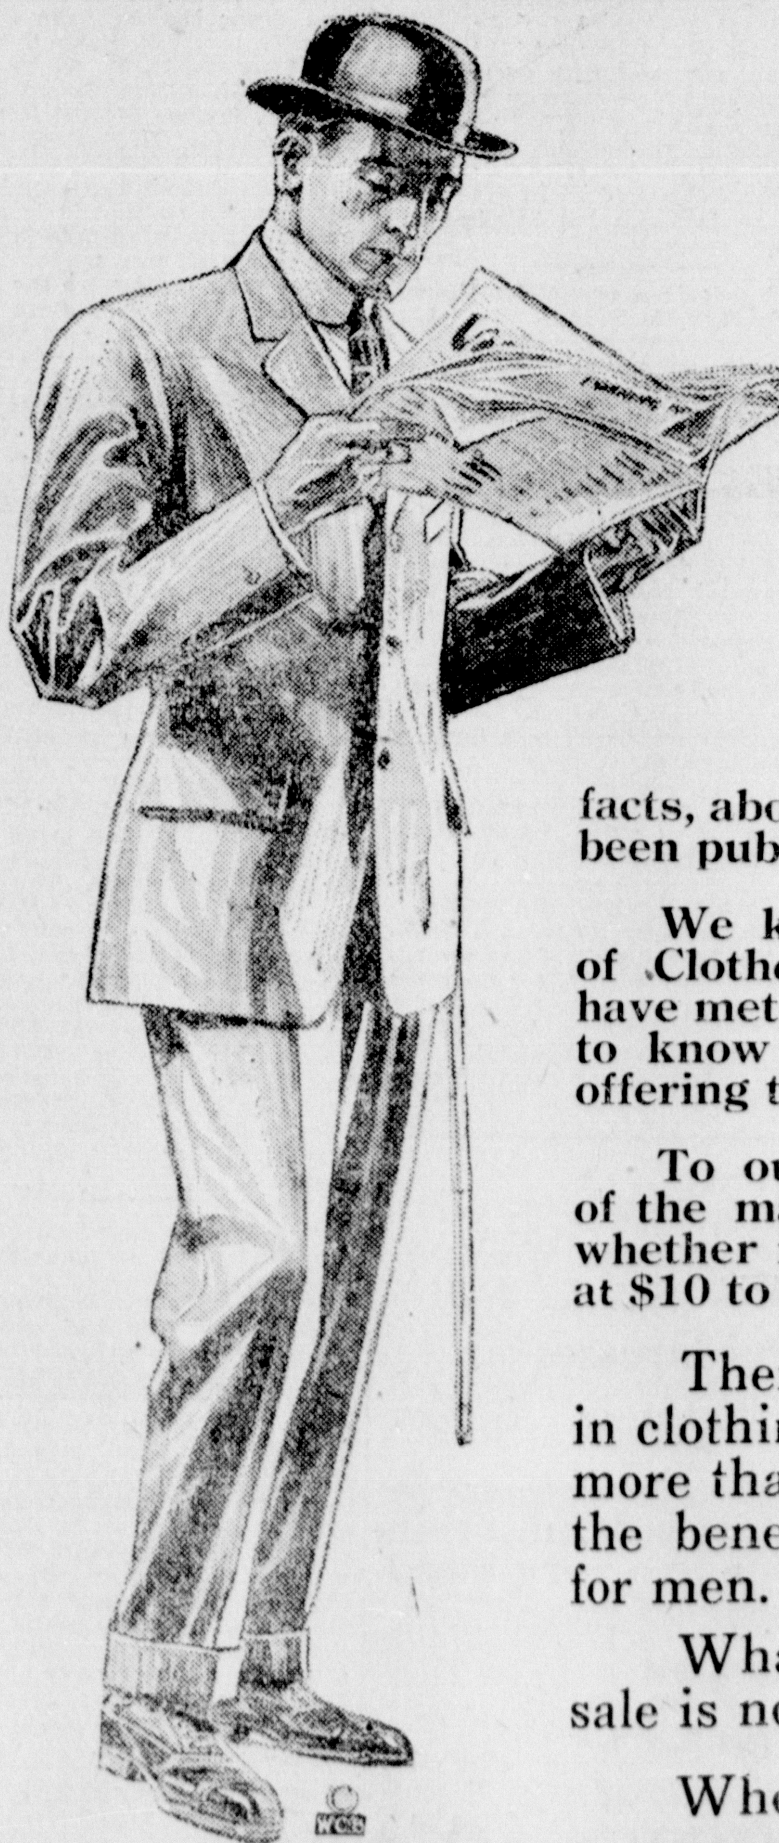

We know how important the Scientific tailoring of Clothcraft Clothes is and why no other clothes have met with such success. Naturally we want you to know these facts, as it proves our judgment in offering this line to you.

To our store policy of giving you the best values of the markets, Clothcraft Clothes link up perfectly, whether it is the line of beautiful varied patterns at \$10 to \$20 or the No. 5130 Blue Serge Special at \$15.

There is one thing that we can add to this, in clothing or any of the things men wear, we do more than sell you goods. We give you service, the benefit of our knowledge of correct things for men.

Whatever we sell must give satisfaction; the sale is not complete until this is the fact.

When may we serve you?
